

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**Mr. HUNTER's REPORT** on the **DOCUMENTS** which have relation to the **UNIVERSITIES** of **OXFORD** and **CAMBRIDGE**, found among the **Miscellanea** of **Her Majesty's Remembrancer** of the **Exchequer**, now in the **Custody** of the **Right Honourable** the **Master of the Rolls**. 12th February 1851.

The most material of these are twenty-five accounts of the "Custos" or "Magister Scholarium Regis apud Cantebriegg." These form a broken series from 12 Edward III. A.D. 1339. to 22 Henry VI. A.D. 1443.

The master renders an account of the sums received by him and the manner in which they were expended; in his own vadia and robes, the support of the scholars, and repairs of the buildings or other incidental expenses.

With some of these accounts there are vouchers consisting of the King's writs of nomination of scholars.

One of these accounts is annexed as a specimen; and from it the nature of the information to be obtained from the rest may easily be gathered. A specimen is also added of the Writs of Appointment.

*Dates of the Accounts and Names of the Accountant.*

14-20 Richard II. Ralph Selby, "Doctor in utroque jure." In one return he accounts for six years.

20-23 Richard II. Ralph Selby, when he was become Abbot of Westminster.<sup>1</sup>

<sup>1</sup> As this is a new name added to the list of the abbots of Westminster, it may be proper to annex a note of the evidence to the fact, that Selby was abbot, afforded by this roll.

First, the heading originally stood thus: "Particule compoti "Mağri Rađi Selby, doctoris in utroque jure," &c. The word "Mağri" is struck out, and there is written over it "Abbis "Westm̃."

Again; in the body of the account, "Et in vad̃ istius custodis "ad iiii. đ. et xxxij. scolař quolibet ad ij. đ. in aula predicta a

Two receipts given, 36 Henry VIII., by Henry Pauley, fellow of Christ's College, Cambridge, and chaplain of the preachership founded in the University by the Lady Margaret countess of Richmond and Derby, the King's grandmother, for his stipend, from Sir John Williams, treasurer of the Court of Augmentation.

Previously to the time of Powys the King supported certain scholars at Cambridge, the earliest notice of whom is in a writ dated at Buckby, 7th July, in the 10th of Edward the Second, a copy of which is annexed. They were

originally 12 children of the King's Chapel, though afterwards the number were increased, and their first master was John de Baggeshute.

There are several small documents connected with Baggeshute's possession of his office, but no account rendered by him. He received his salary and the vadia of the scholars at the hands of the sheriffs of Cambridge and Huntingdon, in whose accounts some of the indentures of receipt given by Baggeshute are to be found.

Beside these are the assessment rolls for the subsidies on Oxford and Cambridge, often accompanied with lists of the members of the Universities and their servants who claimed exemption.

# STATUTES of the UNIVERSITY of CAMBRIDGE.

---

## PREFACE.

On the 28th June 1783 the following Grace was offered to the Senate and received its sanction :

Syndici quorum ad officium auctoritate vestrâ pertinuit, ut procuratorum libros in ordinem redigerent et de novo in pergamenâ conscribendos curarent, hanc laborum et consiliorum suorum summam ad vos referunt :

Statuta scilicet, interpretationes, senatusconsulta, præfectorum decreta, literasque regias, quibus omnibus continentur Academiæ leges, in tantum jam excrevisse ut nec sine infinito sumptu de novo in pergamenâ transcribi neque omnino quidem in uno volumine nisi typis mandata commode includi possint.

Placeat itaque vobis ut omnia in ordinem jam redacta Academiæsumptibus imprimenda curent iisdem syndici, fiantque eorundem exemplaria viginti quinque, quorum unum procancellarium et procuratorum utrumque semper penes sit, unum insuper Academiæ registrarius et bedellorum armigerorum singuli habeant: unum denique in bibliothecâ regiâ, unum in senaculo, et in privatis collegiorum singulorum bibliothecis unum conservandum reponatur.

From this Grace it will be seen that the Statutes of the University were printed but not published.

It has been thought expedient to print three portions of what is contained in the volume, which was then compiled under the authority of the University.

The first portion is called “ Statuta in ordinem redacta,” by which title is probably meant that the collection of Statutes was found already settled and fairly copied in the University Statute Book, kept by the Senior Proctor, from which book indeed it is directly taken. It is not, however,

to be inferred from the title that the Statutes are reduced into order either as regards dates or arrangement of matter, for in these respects they are in the utmost confusion.

On the other hand, the second portion, called "*Statuta in ordinem non redacta*," can lay some claim to chronological arrangement. It is probably so styled because the Statutes which it contains lay dispersed in the Statute Books kept by the Proctors and the Grace Books kept by the Registry, and were now for the first time collected together.

The third portion contains the Statutes given to the University by Queen Elizabeth in the twelfth year of her reign.

To correct the text of the two portions, called *Statuta Antiqua*, several documents have been collated. The earliest is the Old Proctor's Book, called *Liber Procuratoris Antiquus*. This is in the Registry of the University, a folio MS. on vellum. It is occasionally referred to in the printed volume as *Fragm. Vet.*, or *Fragment. Lib. MS. in Archiv. Acad.* This Book originally contained the Statutes by which the University was then ruled. On a subsequent arrangement of the Statutes, when it became necessary to make a fresh copy, many leaves were taken out of this book, and bound up in a new one designed for the use of the Junior Proctor. It is supposed to have been written about the year 1398. When it is referred to in this volume it is called *L.P.A.*, or *L.P.A. in L.P.J.*, according to the parts where the portion of the Statutes referred to is found.

The Senior Proctor's Book seems to have been written about the year 1498. For although there appear among the *Statuta Antiqua* of the printed volume, which was taken from this book directly, four Statutes of a later date, viz., 70, 77, 78, and 85., yet on examining the book it will be found that they have been entered by a later hand.

There are others also entered among the rest subsequently to its original ingrossment, but probably all of them are of earlier date than 1498.

In folio 1. there is a marginal note stating that this is about the date of the book. By a comparison of handwriting it appears that this note is by Dr. Francis Sawyer Parris,

Master of Sidney Sussex College, who was very diligent in his inquiries into these matters.

In printing from the Senior Proctor's Book the compilers made no effort to correct the text, though oftentimes manifestly corrupt and sometimes unintelligible.

Markaunt's book in the University Registry contains a limited number of the Statutes. He was Proctor in the year 1417.

Stokys' Book, a small 4to, in the University Registry, contains a few Statutes.

There are also two MSS. in the library of Archbishop Parker belonging to Corpus Christi College (library mark, Vol. CXVIII. 4 & 5). The former copy was made after 1545. The latter is also of the sixteenth century, but in a different order, being arranged according to matter. These are called MSS. C.C.C. in this edition.

Occasional reference is also made to Hare's MSS. Ancient Statutes are sometimes recited among the Charters, &c. compiled by that laborious antiquary.

There is also a MS. of Dr. Wrenn's in the possession of Pembroke College which has been consulted for occasional emendations of the text. It is called "*Wrennii Excerpta*" in this edition.

For being enabled to publish so correct an edition of the Statutes of the University we are indebted to the kindness of the Rev. Dr. Ainslie, Master of Pembroke College, who has allowed us the use of the printed volume belonging to his College, carefully annotated by himself.

It should be observed that the volume printed by the University is not punctuated.

## STATUTA ANTIQUA in ordinem redacta.

(Ex Libro Procuratoris Senioris.)

1. *De modo statuendi.*<sup>1</sup>

Auctoritate totius universitatis Cantabrigiæ tam regentium quam non-regentium ordinatum est, quod in statuendis rebus et negotiis utilitatem communem dictæ universitatis concernentibus solum illud pro statuto habeatur, quod de consensu majoris et sanioris partis dictorum regentium et de consensu non-regentium fuerit statutum per decretum, salvo regentibus exercitio statutorum non-regentibus non reservatorum cum dispensatione super eadem.—*Lib. Proc. Antiq., C. 1. Markaunt, Cap. 1. (apud fol. 45.)*

2. *Modificatio de alienationibus faciendis statutis condendis et gratis concedendis et quo tempore.*

Item statutum est quòd sine expresso et speciali consensu majoris et sanioris partis regentium et etiam majoris et sanioris partis non-regentium res immobiles dictæ universitatis jura seu redditus ejusdem nullo modo alienentur, nec pro perpetuo, nec ad tempus, nec pensiones anni alio modo cuiquam ab universitate concedantur, nec etiam alienatio vel alienationes, nec hujusmodi pensionum concessiones, nec statutorum declarationes aliquæ seu dispensationes fiant vacationum temporibus consuetis quovis modo. Huic statuto adjicimus quòd commissiones causarum cognitionum, factæ in universitate existente plenâ, tempore vacationis non revocentur, nec fiant commissiones novæ. ### 3. *De redactione statutorum in scriptum infra certum tempus.*

Item statuimus quod omnia statuta et declarationes statutorum et consuetudinum dictæ universitatis de cætero faciendæ infra 15 dies a tempore editionis seu declarationis eorundem registrentur; ita quod, quandocunque aliquid de novo statuitur, in eadem congregatione deputentur certæ personæ tam regentium quam non-regentium, quæ statuta hujusmodi in certam formam teneantur redigere, sic videlicet quod cancellarius dictos deputatos infra octo dies a tempore editionis convocet ad actum illum implendum: quod si cancellarius non fecerit, ex tunc procuratores vel eorum alter dictos deputatos sub debito juramenti convocet tali tempore, quod infra septem dies residuos poterunt cum deliberatione debitâ hujusmodi statuta in debitam formam redigere, et ipsi procuratores inserere in registro.—*L.P.A.* 3.

Fiat autem ejus electio per scrutinium sub hac forma. Duo rectores cum uno theologo seniore religioso<sup>2</sup>, cum per solos regentes electio celebratur, aliàs cum uno non-regente et theologo per non-regentes electo scrutatores deputentur, qui specialiter coram congregatione jurent quod actum electionis sine fraude exequentur: et hoc juramentum ab alio seniore theologo unâ cum juramentis singulorum in dicta electione vota habentium exigatur. Vota etiam scrutatorum primo inter se inquirentur, duobus eorum inquirentibus votum tertii, quousque quilibet eorum

aliis duobus dixerit votum suum. Nullus etiam magister postquam votum suum præstiterit, valeat votum suum in posterum variare, nisi ob causam necessariam scrutinium oporteat fieri iterato. Scrutinio vero et collatione scrutatorum inter se privatim secundum formam statuti factis, alter procuratorum ipsam electionem toti congregationi pronunciet sub his verbis: ego procurator<sup>1</sup> seu rector vice majoris et sanioris partis hujus universitatis regentium et non-regentium, si forte concurrant in electione, eligo N. in<sup>2</sup> cancellarium universitatis Cantabrigiæ, et ejus electionem vobis pronuncio secundum statuta et consuetudines hujus universitatis.—*L. P. A. 4. Mark. 2.*

#### 5. *De juramento et obedientia Cancellarii.*

Cancellarius, cum electus fuerit, mature congregationem omnium regentium facere teneatur, et coram tota congregatione primo idem cancellarius sacramentum corporale præstet quòd omnia ad ejus officium spectantia diligenter et fideliter exequetur. Quod juramentum per alterum procuratorum ab eodem cancellario exigatur; quo juramento præstito, idem procurator sigillum cancellariæ una cum clavi communis cistæ eidem cancellario statim tradat.—*L. P. A. 5. Mark. 3.*

<sup>1</sup> Hence it appears that the Proctor and Rector were the same person. In other Statutes, as 53, 54, 57, 60, Markaunt has Rector where the Proctors' Books have Procurator. The University was at first only an assemblage of schools, and as the Regents ruled the Scholars, so the Rectors ruled, moderated, or presided over the Regents. These Rectors were elected by the Regents from among themselves, and their duties were pointed out in various Statutes.

<sup>2</sup> The first authentic mention of a Chancellor by name is that of Hoake or Hooke (for the name is not everywhere spelled in the same way). It occurs in a Charter of 3 May, 15 Hen. III., i. e. 1231, where it appears that his jurisdiction over Clerks was established and acknowledged.—(*Hare's MSS. vol. I. fol. 9, Vice-Chancellor's copy.*) The title or office was, however, of earlier date. The general name of Chancellor occurs in 13 Hen. III.—(*Rich. Parker's Hist. Cantab. p. 188.*)

6. *De officio Cancellarii quod nihil innovet.*

Cancellarius nihil novi sine consensu majoris et sanioris partis regentium et sine consensu majoris et sanioris partis non-regentium statuere præsumat, sed ea quæ statuta sunt intendat efficaciter custodire.—*L. P. A. 6. Mark. 4.* *supra et infra, Mark.*

7. *De modo committendi causas.*

Statuimus, quod nec cancellarius nec aliquis iudex ordinarius alicui causam aliquam committat, nisi coram cancellario vel rectoribus statuta et consuetudines observare prius juraverit in causis coram eo tractandis.—*L.P.A. 7. Mark. 5.*

8. *Per quantum tempus poterit Cancellarius abesse a municipio, et de Vice-Cancellario.* *De Commissario Cancellarii Mark. 6.*

Liceat quoque cancellario ad sui exonerationem alicui non suspecto, statutis consuetudinibus et privilegiis hujus universitatis jurato ad certas causas vel universitatem causarum, vices suas ad tempus suo jure committere, nisi talis sit causa quæ de sui natura delegationem non requirit, ut in atrocibus delictis quæ bannitionem vel incarcerationem requirunt. Causæ autem regentium et non-regentium ex parte rea vel actoris et de pensione<sup>1</sup> et jure inhabitationis domorum non committantur, nec coram alio quovis modo tractentur. Et, quia sub colore atrocis injuriæ magistri regentes a suis curiis defraudantur seu privantur, statutum est quod crimina non atrocia, tanquam atrocia, criminaliter proponentes et in processu causæ in probatione deficientes in xii. denariis communi cistæ applicandis mulcentur. Nec liceat cancellario citra cessationem magistrorum<sup>2</sup> se ab universitate absentare ultra mensem. Cancellarius vero, ultra xv. dies abfuturus, neminem habeat vicarium, nisi in quem major pars regentium consenserit, cui virtute statuti<sup>3</sup> jurisdictionem suam committere teneatur.—*L.P.A. 8. Cancellarius, vel ejus vicarius dicto modo substitutus, per se tantum, si voluerit, causas <sup>1</sup> scholarium universas audiat et decidat, nisi facti atrocitas vel publicæ quietis perturbatio magistrorum requirat convenientiam et assensum.—*L.P.A.* 9.

Si quis de universitate jurisdictionem cancellarii contemnens propriam vel alienam injuriam cum deliberatione vel ex intervallo vindicaverit, insultum in ipsum, quem deliquisse dicit, aut in ejus hospitium faciendo aut eundem verberando seu male tractando, si monitus ad arbitrium cancellarii vel universitatis satisfacere noluerit cum effectum, infra triduum ab universitate expellatur, cæteris pœnis juxta privilegia consuetudines et statuta malefactoribus imponendis eisdem malefactoribus infligendis. 3. That of the Chancellor before whom all causes in which a Regent or Non-Regent Master was a party, or concerning lodgings, were heard.

The Chancellor was bound to execute the sentences of the Regent-Masters (Cap. 13.) In punishments the Proctors were Assessors to the Chancellor or his Commissary (Cap. 10.), and subsequently Doctors and Heads of Colleges acted as Assessors (Cap. 19.) In all serious cases the Regent-Masters (for the Non-Regents do not appear to have participated in these proceedings) sat with the Chancellor (Cap. 19. and Cap. 36.) If an offence were committed by a Regent-Master against the Chancellor the cause was heard in the Regents' Court (Cap. 10.) Quod si numerus regentium in artibus ad duodecim non attigerit, non-regentes artium in eligendo procuratores regentibus sint <sup>sic Mark.</sup> adjuncti. Scrutatores vero deputentur magister glomeriæ<sup>1</sup> et duo juniores magistri in artibus actualiter regentes coram tota universitate specialiter jurati quod hujusmodi scrutinium fideliter exequentur et secundum formam in electione cancellarii prænotatam. Scrutatores primo inter se dicent vota sua nec alicui magistrorum, postquam votum suum dixerit, nisi ex causa superius expressa liceat variare. Quod si major <sup>C. 4.</sup> pars dictorum xii regentium in artibus ut præmittitur in electione procuratorum factis inter eos tribus scrutiniis nequeat concordare, volumus ex tunc quod non-regentes in artibus coeligendi cum eis plenariam habeant potestatem, quantuscunque fuerit numerus magistrorum regentium in artibus. <sup>C. 4.</sup> Scrutinio vero et collatione facta magister glomeriæ hujusmodi electionem toti congregationi fideliter pronuntiet in virtute iuramenti præstiti. Idem vero procuratores cum electi fuerint coram tota universitate corporale iuramentum præstent cancellario illud ab eisdem exigente quod omnia et singula ad eorum officia spectantia diligenter ac fideliter exequentur. Jurent etiam quod nullius negotium procurabunt quod credent esse contra ejusdem universitatis commodum vel honorem. Nullus etiam magister in procuratorem ultra secundam vicem absque alio interveniente iterum eligatur. *77. De lectura continuanda per annum in theologia a necessariis regentibus.*

Jurabis quod continuabis lecturam in theologia per annum a domina Regis Henrici septimi matre fundatam per cujuslibet termini majorem partem, si lector ad majorem partem legerit et te a lectura prædicta non absentabis, nisi ex rationabili causa per vice-cancellarium, lectorem ejusdem lecturæ, et dominos procuratores, et eorum singulos, approbanda. 8 Sept. 1502.

*78. De scholaribus in jure.*

Ex consensu unanimi regentium et non-regentium decretum est quod unusquisque scholaris studens in<sup>1</sup> jure canonico de cætero solvat tam collectam suam solitam sive stipendium ordinarium consuetum doctori suæ facultatis ordinarie legenti in scholis publicis, quam stipendium bedellorum consuetum, et hoc in fine cujuslibet termini vel infra mensem ex tunc proximo sequentem sub pœna xl. denariorum universitati forisfaciendorum, quorum medietatem communi cistæ applicandam, alteram vero medietatem procuratoribus exhibendam, decretum est: qui quidem procuratores ad hoc statutum exequendum, si per doctorem ordinarie legentem requisiti fuerint, suam adhibeant diligentiam specialem. De stipendio autem bedellorum tam de scholaribus in jure civili quam in jure canonico intelligi statutum præsens per præfatos regentes et non-regentes decretum est viii. die Augusti anno Domini millesimo quingentesimo sexto. 8 Aug. 1506.

*79. De electione custodum cistæ communis et eorum juramento.*

Item statutum est quod singulis annis post festum sancti Michaelis infra octo dies post festum sancti Dionysii proxime sequentes eligantur duo de non-regentibus in artibus per congregationem non-regentium ad custodiam cistæ communis universitatis una cum cancellario et duobus procuratoribus, quorum sic per non-regentes electorum uterque habeat clavem, et quod nihil receptum per procuratores vel eorum alterum in aliquos usus convertatur quousque in cista antedicta ponatur: nec etiam de contentis in cista antedicta

quicquam disponatur, nisi de scitu et consensu dictorum duorum non-regentium, nisi major pars regentium et major pars non-regentium aliud decreverit faciendum: et dicti non-regentes teneantur reddere computum de receptis una cum procuratoribus temporibus competentibus secundum antiqua<sup>1</sup> statuta: qui jurent quod fideliter in illo officio administrabunt. Nec liceat super hoc statuto quoquo modo absque consensu majoris et sanioris partis regentium et majoris et sanioris partis non-regentium dispensare. Per hoc autem vocabulum 'contentis in cista' superius positum in isto statuto, non intelligitur sic sigillum commune quin sine consensu illorum duorum non-regentium possit litera quaecunque sigillari, dummodo per omnes regentes talis litera approbata fuerit et concessa, quæ non concernit alienationem rei mobilis vel immobilis sive redditus, vel concessionem aliquam pensionis ad universitatem Cantabrigiensem pertinentis.—*L.P.A.* 29.

Item duodecimo die mensis Octobris anno millesimo CCCC<sup>o</sup> LXVII<sup>o</sup> in plena congregatione regentium et non-regentium statutum est atque ordinatum quod scrutatores electi arctentur ad petendum gratias et alia negotia universitatis exequenda secundum formam<sup>2</sup> statuti quo arctantur procuratores, eademque pœna puniendi sunt, si secundum formam prædicti statuti requisiti id facere recusent.

81. *De observandis exequiis.*

Negligentia regentium nos urgente decrevimus ut, qui necessarii regentes fuerint, ad exequias singulas accedant singuli ante primam lectionem, et ad missas pariter ante evangelium, non recessuri inde ante finem, nisi prius illis a cancellario aut ejus vices gerente concessum fuerit, causa proposita rationabili, sub pœna denariorum duodecim totiens quotiens id fieri contigerit, quorum decem volumus ærario reponi publico; reliquos procuratoribus ipsis concedimus quo diligentius hoc statutum exequantur; quod etiam eos facturos jubemus virtute juramenti ab eis olim præstiti: quam pecu-

Volumus etiam ut per gratiam nullam postulandam, exequiarum aut missarum temporibus, post primæ lectionis aut evangelii inceptionem cum necessario rege aliquo dispensetur.

82. *De præsentatione baccalaureorum in jure civili et canonico ordinarie legentium.*

Item statuimus quod singulis annis baccalaurei in jure civili et canonico per suos doctores, alias, in ipsorum aut alterius ipsorum absentia, per ordinarie legentes ad lecturam extraordinariam in dictis facultatibus, secundum formam in aliis præsentationibus usitatam, procuratoribus præsententur, qui statim ab eisdem juramentum recipiant corporale quod secundum modum consuetum legent et lecturam ipsam debite continuabunt.—*L.P.A. fol. 18.*

Et quia hoc statutum ad profectum et honorem universitatis volumus inviolabiliter observari, decernimus id in singulis baccalaureorum tam in jure canonico quam civili admissionibus ab altero procuratorum vel eorum vices gerentium in plena congregatione regentium in perpetuum voce tenus publicari.

86. *De incipientibus in artibus.*

Item statuimus quod nullus admittatur ad incipiendum in artibus nisi prius determinaverit; et ultra hoc<sup>1</sup> ad minus per triennium hic vel alibi in universitate in eadem facultate continue studuerit; quod etiam per triennium in scholis libros Aristotelis in philosophia, quos eo tempore a magistro suo ordinarie legi contigerit, audierit; necnon per triennium mathematicalia quæ tunc in scholis lecta fuerint audierit. Item quod in scholis suæ facultatis secundum exigentiam sui status publice opposuerit, et saltem tribus magistris ejusdem facultatis in eorum disputationibus pariter responderit; ita quod ejus notitia in statura moribus et scientia apud magistros illius facultatis jure fuerit approbata; cujus approbationem autoritate cancellarii et totius universitatis sic fore intelligendam decernimus, scilicet quod quinque magistri artium in virtute juramenti universitati præstiti deponant de scientia, et alii septem ejusdem facultatis de credulitate vel de scientia;<sup>2</sup> quod fiat per scrutinium juxta examinationem cancellarii et procuratorum, præsentante non existente in scrutinio: et tunc demum admittatur cum formam istam se complevisse juraverit.

<sup>1</sup> A full account of the Vepers or Vespers is to be found in Stokys' book printed by Dr. Peacock in Appendix A. to his book on the Statutes of Cambridge. The Vespers are the forms of proceeding observed on the day before the Comitia Majora or Commencement Tucaday.

scilicet, digestum novum et infortiatum: item quod legerit cursorie digestum novum vel infortiatum cum libris institutionum, et quod intraverit pro magistro suæ facultatis, et etiam quod in scholis suæ facultatis publice opposuerit et omnibus magistris suæ facultatis responderit vel cum effectum se obtulerit: quod si nullus fuerit magister suæ facultatis in villa præsens, quod tunc in scholis decretorum publice opposuerit et omnibus decretistis regentibus responderit vel ad respondendum se obtulerit cum effectum: ita quod ejus notitia in statuta moribus et scientia jure fuerit approbata, ita quod omnes doctores in jure civili deponant de scientia secundum formam præactam: et tunc demum admittatur cum formam istam se complevisse juraverit.—*L. P. A. 85.*

#### 121. *Item de eodem.*

Item statutum est quod incepturus in jure civili prius legerit in infortiato per unum annum et per alium annum in digesto novo, et per tertium annum in aliqua parte corporis juris civilis, ubi pro utilitate scholarium et sua viderit expedire, una cum libello institutionum, liceatque lectoribus in eisdem voluminibus hora prima suam exercere lecturam, exceptis diebus, quibus contigerit doctores juris canonici disputare. Salvum tamen sit doctoribus juris canonici quod in scholis doctorum juris civilis, principalitatem in eisdem habentium, hora prima, si voluerint, suas legant ordinarias lectiones.—*L. P. A. 86.*

#### 122. *De incepturis in jure canonico.*

Item statuimus quod nullus admittatur ad incipiendum in jure canonico, nisi prius per quinquennium audierit jura civilia, et per alios tres annos decreta et bis tractatus de simonia, de matrimonio, de poenitentia, de consecratione, et quod per biennium bibliam cursorie audierit: item quod legerit cursorie in ista universitate aliquam prædictorum tractatum et aliquem librum decretalium alium a quarto: item quod intraverit cum<sup>1</sup> omnibus magistris suæ facultatis, vel cum effectum se obtulerit, et quod in scholis ejusdem facultatis

publice opposuerit, et omnibus magistris regentibus in eadem facultate responderit, vel cum effectu se obtulerit: ita quod ejus notitia in statuta moribus et scientia jure fuerit approbata, ita quod omnes doctores in jure canonico de scientia deponant secundum formam præactam: et tunc demum admittatur cum formam istam se complevisse juraverit.—*L. P. A.* 87.

123. *Quod quilibet doctor in theologia absens faciat suos actus servari per alium.*

Statuimus quod quilibet, admittendus ad incipiendum in theologia, priusquam incipiat deponat cautionem realem in manus procuratorum ad valorem quatuor marcarum, quod scilicet, si dispensatum secum fuerit de regentia sua necessaria vel beneficium statuti acceperit, non eo minus servet omnes actos suos disputando, prædicando, determinando per se vel per alium aut alios universitatis doctores pro toto tempore illo, pro quo stetisset in regentia sua hujusmodi, sub poena admissionis ejusdem cautionis.—*L. P. A. fol. 43 b.*

124. *De incepturis in theologia.*

Item statuimus quod nullus admittatur ad incipiendum in theologia, nisi prius in artibus rexerit; nisi etiam audierit theologiam ad minus per decennium in universitate; item quod audierit bibliam biblice per biennium antequam incipiat: item quod cursorie legerit aliquem librum vel in aliquo libro de canone biblicæ per annum, ita quod ad minus per cujuslibet termini decem dies: nec liceat alicui citra secundum annum post libri sententiarum complementum lecturam biblice inchoare, et quod legerit omnes libros sententiarum in universitate ista, et quod ad minus per tres annos moretur in universitate approbata post lecturam sententiarum, antequam licentietur: item quod publice prædicaverit ad clerum et quod in omnibus scholis suæ facultatis publice opposuerit et responderit post lecturam sententiarum, ita quod ejus notitia in statuta moribus et scientia merito fuerit approbata secundum depositionem de scientia ab omnibus magistris illius facultatis modo supradicto; et tunc demum admittatur cum formam istam se complevisse juraverit.—*L. P. A.* 88.

125. *Declaratio.*

Unanimi consensu regentium et non-regentium decretum est præmissum statutum sic fore moderandum, quòd liceat  
 . 108. baccalaureo in theologia licentiari in tertio termino tertii anni post lecturam sententiarum statim post festum Sancti Barnabæ, dummodo forma requisita opponendo, respondendo, legendo et prædicando prius per eum fuerit adimpleta.

126. *De modo præsentandi baccalaureum in quacunque facultate.*

Idem quilibet magister præsentans baccalaureum præsentet sub hac forma “domine cancellarie et tota universitas, præsentō  
 “ vobis istum baccalaureum seu istos baccalaureos ad inci-  
 “ piendum in tali facultate, quem scio esse dignum, vel quos  
 “ scio esse dignos, in scientia et moribus ad regendum.”—  
*L.P.A.* 89.

127. *Infra quod tempus licentiati incipient et de cautione.*<sup>1</sup>

Item statuimus quod quilibet baccalaureus in quacunque facultate, ad incipiendum coram universitate licentiam petiturus seu ad incipiendum vocandus, antequam licentiam obtineat, juret simpliciter se hic incepturum, si ipsum incipere contingat: et præter hoc quilibet licentiam petiturus cautionem sufficientem præstet, quam secundum qualitatem et facultatem personæ duxerit universitas acceptandam, quod ipse infra annum a die licentiationis suæ in ista universitate incipiet cum effectū. Cancellarius vero diem disputabilem ad incipiendum infra annum illum baccalaureo assignet, quem eligere voluerit idem baccalaureus incepturus, et illum diem ex causa, dum tamen infra annum illum incipiat, valeat prorogare. Et, ne baccalaureis hoc modo licentiatis præstetur materia vagandi, statutum est quod hujusmodi baccalaurei anno quo hujusmodi licentia duraverit in universitate ista pro majore parte ejusdem anni moram faciant et actus scholasticos

128. *Quod religiosi gradum accepturi deferant literas submissionis.*

Ne qui religiosi, prætextu obedientiæ regularis et licentiæ a suis superioribus, expressè non obtentæ, nec universitati adhibitæ,<sup>3</sup> vim et effectum juramentorum suorum valeant in posterum exquisitis coloribus declinare, de consensu magistrorum regentium et non-regentium provida deliberatione statuimus ut nullus regularis ad incipiendum aut solenniter resumendum in aliqua facultate in ista universitate de cætero admittatur, nisi prius literis dimissoriis subeundi et interponendi juramenta debita et consueta et ea effectualiter observanda, a suo superiore, sufficienter in ea re potestatem habente, obtentis et dictæ universitati exhibitis in ejusdem universitatis custodia remansuris.—*L.P.A.* 91.

130. *De modo dandi fidem in vesperiis in quacunque facultate.*

Item quilibet baccalaureus incepturus, finitis suis vesperiis suæ facultatis, det fidem alteri procuratori quod non reassumet statum baccalaurei in eadem facultate.—*L.P.A.* 93.

131. *De vesperiis in medicina jure civili et canonico si non fuerit magister regens.*

Item statuimus quod cum non fuerit magister regens in medicina, liceat magistro non-regenti ejusdem facultatis istius universitatis vesperias tenere in medicina, etsi eodem die lectiones suas non resumpserit : in jure civili et canonico eundem modum tenendi vesperias volumus observari.—*L.P.A.* 94.

132. *De modo invitandi magistros ad vesperias et inceptions.*

Item statuimus quod cuilibet in ista universitate incepturo, ad incipiendum in eadem rite admisso, et quoad omnia, inceptiōi suæ prævia de statutis vel consuetudinibus istius universitatis requisita, parato pariter et expedito sufficiat facere diligentiam congruam ad magistros per scholas suas visitandos ad inceptiōemque suam reverenter invitandos ac ad eosdem aliunde secundum status sui sive officii exigentiam sibi placandos et benevolos efficiendos, ipsamque diligentiam congruitatem in casu quo de illa dubium sive controversia emergat judicio majoris partis regentium relinquimus decernendam.—*L.P.A.* 95.

133. *De quibusdam observantiis in inceptions et resumptionibus solennibus.*

Statuimus quod nullus habens reditus ad valorem xl. librarum communibus annis, de quo stetur suo juramento, ad incipiendum hic sumptibus alterius incipientis admittatur. Item quod nullus magister cum mantello suo seu alio habitu ordinario in ordine in inceptions seu solennibus resumptionibus hic recipiatur, nisi, antequam aliquid inceptions seu resumptionis fiat, fuerit in ecclesia publice juratus tactis sacrosanctis sub his verbis “jurabis quod statuta privilegia et “ consuetudines universitatis observabis :” nec cum tali, quin juret, fiat dispensatio sine consensu regentium et non-

regentium in generali congregatione utrorumque. Item nullus magister habens reditus ultra valorem xxx. librarum ad verum valorem communibus annis, de quo stetur suo juramento, ad delationem mantelli hic admittatur in ordine in inceptionibus seu solennibus resumptionibus, nisi fuerit talis sub quo principalis inceptor incipere proponit vel ejus magister aut frater ejus vel de ejus familia aut alius per majorem partem regentium ad talem actum approbatus.—*L.P.A.* 96.

134. *De juramentis a magistris in inceptionibus et solennibus resumptionibus præstandis.*

Quilibet tempore inceptionis, antequam suam determinet quæstionem, fidem faciat juramento præstito corporali, de statutis universitatis custodiendis, et jurabit de continuatione regiminis sui ibidem ad minus per annum facienda, nisi necessaria causa vel probabilis eum excuset, exceptis diebus, in quibus contigerit magistrum aliquem in sua facultate lectionem suam primam in scholis legere, et etiam diebus, quibus contigerit doctorem theologum in scholis publice determinare. Jurent tamen medici de continuatione regiminis sui per triennium nisi infra triennium contingat alium incipere vel resumere, qui de supplendo tempus dicti incipientis et a lectura sua cessantis coram procuratoribus dictæ universitatis cautionem juratoriam præstiterit, vel alium in dicta facultate durante dicto tempore incipere contigerit. Jurent insuper theologi aulares atque fratres de continuatione sui regiminis per biennium, nisi eos infra illud tempus habere contigerit legitimos successores: hoc proviso quod in dicto anno disputationes vespertas inceptions ac etiam exequias missas et processiones ordinarias sicut in primo anno, specialiter observabunt. Jurent etiam tactis sacrosanctis quod pacem istius universitatis non perturbabunt, nec per se nec per alium pacis perturbatoribus favorem consilium vel auxilium præstabunt: insuper quod, si aliquem vel aliquos pacis perturbatorem vel perturbatores noverint, eum vel eos cancellario revelabunt et etiam quod nec per se nec per alium impedient, quo minus de hujusmodi pacis perturbatoribus justitia valeat exerceri. 135. *De respondentibus quæstioni.*

Statuimus et ordinamus quod nullus admittatur ad respondendum quæstioni in artibus, nisi steterit generalis sophista per biennium, seu saltem ad minus per annum integrum, exceptis filiis dominorum, et quod duo sophismata generalia pro tempore et loco ab universitate deputatis tenuerit, et quod bis responderit.—*L.P.A. fol. 47 a.*

136. *Statutum novum de scientiis mathematicalibus legendis.*

Statuit olim prisca patrum autoritas quæstionistas nostros, præter lectionem ordinariam, cursorie quoque ab uno baccalaureo dialecticam totam audituros; eosdemque, post posteriorum introitum, lectiones multiplices singulos quidem per seipsos exercere; atque hi rursus, incepturi in artibus, cursim ex uno magistro Aristotelis audirent philosophiam; quique, ubi jam primum inceperint, consuetis diebus unius anni singuli ordinarie legere tenerentur. Quæ lectio quatriplex<sup>1</sup> quoniam vel vetustate vel incuria jam prorsus evasit inanis onerosa ac inutilis, et quòd mathematicis artibus, jam pene periclitantibus, subvenire ducimus non indignum, has lectiones commodius transmutando statuimus quod annis singulis deinceps ante cessationem peritus in his artibus magister quispiam majoris partis regentium sententia delegatus, hora post meridiem prima, pro more dierum veteri, legat baccalaureis atque scholaribus, (quos omnes baccalaureos hoc eodem decreto adesse coarctamus) per annum primum annorum trium arithmetica et musica, alterum geometriam et perspectivam, tertium astronomiam, lectionibus vero a quinquagesima<sup>2</sup> ad

*137. De formis audiendis, quod magistri quam scholares arctius non astringantur.*

Item statuimus quod magistri, qui non aliquo tempore in hac universitate rexerint, ad audiendas lectiones ordinarias ter in septimana in aliqua facultate sub debito iuramenti de observandis statutis universitatis prædictæ, seu et iurati quicunque ad statuta ejusdem, sicut nec cæteri scholares, nullatenus teneantur; nec etiam in alia facultate cursorie legentes ad utendum cappis virtute prædicti iuramenti de cætero sint astricti. Volumus insuper quod dictæ universitatis magistri diebus feriatis non prædicabilibus seu horis quibuscunque, quibus baccalaurei cæterive scholares legere consueverunt, ad legendum ratione alicujus iuramenti seu fidei, arctius quam dicti scholares vel baccalaurei minime teneantur.—*L. P. A. 52.*

*138. De forma rite audienda.*

Item statuimus quod, audientes textum in quacunque facultate, pro forma in eadem facultate statuta et requisita rite eundem audire teneantur, una cum quæstionibus juxta modum magistrorum suorum in quæstionando usitatum, si modus legendi in eadem facultate quæstionem requirat: ad

139. *De baccalaureis et opponentibus in quacunque facultate de respondentibus quæstioni et incipientibus.*

Statuimus quod omnes, noviter in quacunque facultate incipientes seu ad quæstionem in artibus respondentes, procuratoribus universitatis unam communam infra octo dies a tempore suæ inceptionis vel responsionis ad quæstionem computandos sub poena suspensionis persolvant: qui vero ad certam communam non fuerint, prout status et honor eorundem exegerit, eisdem satisfaciant. Volumus etiam quod magister, cui baccalaureus ad quæstionem respondet, pro eodem de communâ respondere teneatur. Nec quis præsumat ad quæstionem citra ultimum terminum quarti anni ab eo tempore, quo jam artes in universitate audivit, respondere; quod volumus constare magistro suo corporali sacramento super hoc præstito ab eodem responsuro antequam ad respondendum admittatur. Item statuimus quod nullus in dictis artibus ad quæstionem responsurus admittatur, nisi prius ejusdem facultatis publice et rite summulas cum fallaciis et abstractiones secundum usum scholæ currentis<sup>2</sup> ad tractatum insolubilium audierit, et super his procuratoribus vel alteri eorum fidem faciat, corporali præstito juramento, et etiam nisi juraverit se determinaturum in hac universitate infra biennium sub poena unius marcæ communi cistæ infra mensem postquam defecerit persolvendæ.—*L. P. A. 55.*

140. *De determinatoribus pro se.*

Feb. 2. Item statuimus quod nullus in quadregesima in artibus determinare præsumat, nisi in anno præcedenti citra<sup>3</sup> Purificationem Beatæ Mariæ Virginis de quæstione responderit. Statuimus etiam ne quis de cætero citra<sup>3</sup> quintum annum in

artibus determinare præsumat, et quod quilibet determinaturus audierit in scholis ordinarie, librum Terentii scilicet, per biennium, logicalia vero per annum, naturalia quoque seu metaphysicalia secundum quod suo tempore ea legi contingerit per annum; item quod ejus notitia in opponendo et respondendo a magistris ejusdem facultatis fuerit approbata, et quod in statura moribus et ætate judicio magistrorum ad hoc per universitatem deputatorum idoneus et sufficiens reputetur: et tunc demum ad actum determinationis admittatur cum iuraverit se formam istam in universitate approbata complevisse.—*L. P. A. 56.*

141. *De determinatoribus pro aliis.*

Item statutum est quod nullus admittatur ad determinandum pro aliis, nisi judicio magistrorum in statura moribus et scientia ad minus per laborem vel studium unius anni formam prædictam, in personas determinatorum pro se statutam, excedat. Ad hujus statuti et proximi supradicti observantiam deputentur duo procuratores una cum duobus aliis magistris artium ab omnibus in eadem facultate regentibus vel a majori parte eorundem secundum numerum ad hoc electis: et tunc demum admittatur cum formam prædictam in universitate approbata se iuraverit complevisse.—*L. P. A. 57.*

142. *De artistis cursorie legentibus.*

Item nullus baccalaureus in artibus aliquem textum publice legat ante anni suæ<sup>1</sup> determinationis complementum.

143. *De superfluis præfationibus in inceptionibus.*

Item statuimus quod de cætero incipiant canonistæ et legistæ superfluis<sup>2</sup> et frivolis præfationibus omissis, ita quod tantum unus magister in ista universitate actualiter regens tradat inceptoris librum et pileum<sup>3</sup> cum benedictione sub quadam verborum brevitate quæ orationem dominicam in prolixitate non excedat.—*L. P. A. 98.*

144. *De solenniter resumentibus et forma resumendi.*

Item statuimus quod quilibet solenniter resumens in artibus pro tribus magistris suæ facultatis prius quæstionem determinet. Magister in medicina pro omnibus magistris suæ facultatis idem facere teneatur. Professor in jure civili in omnibus scholis suæ facultatis semel repetat. Doctor in jure canonico ad minus bis determinet. Doctor in theologia pro duobus doctoribus duas similiter determinet quæstiones. Dies vero determinationis faciendæ per cancellarium assignetur eisdem, in qua disputent in habitu ordinario, et iuramentum præstent corporale, quale noviter incipientes præstare consueverunt: oppo<sup>m</sup> vero quæstionis, prout in inceptionibus fieri assuetum est, non determinetur. Non incipiat hic aliquis nec solenniter resumat, nisi sub magistro, qui hic inceperit vel solenniter resumpserit: nec quis præsumat hic de novo incipere qui in præsentī universitate per annum non studuerit nisi ipsius conversatio et peritia publice nota habeatur ibidem: omnibus præter incipientem vel incipientes in crastino inceptionis omnino a lectionibus cessantibus, dummodo die præcedenti cum eo, qui inceptionem tenet, in convivio fuerint vel fuisse potuerunt.—*L. P. A. 99.*

145. *Quod hora inceptionum nullus magister vel baccalaureus legat.*

Item statuimus quòd nullus hora inceptionum aut solennium resumptionum legere præsumat: nec, dum doctor, magister aut baccalaureus ordinarie aut cursorie legerit aut actum solennem determinando, repetendo, aut disputando publice exercuerit, alibi in villa legendo detrahat audientes, sed quòd quilibet auditorium debite ac fideliter promoveat juxta vires.—*L. P. A. 100.*

146. *Quod nullus per preces magnatum promoveatur ad gradum scholasticum.*

Quoniam legum sanctiones et infra.<sup>1</sup> Statuimus quod nullus pro gratia gradum scholasticum concernente, sibi vel

alii concedenda, preces cujusquam personæ vel communis nostræ universitati per se alium vel alios effundi procuret, sed quod hujusmodi precum effusionem impediat quilibet quantum possit. Quod si pro aliquo in universitate nostra ad gradum anhelante scholasticum hujusmodi preces, per se vel aliquem amicum suum procuratæ, fuerint ad ipsam universitatem delatæ, ex tunc ad omnem gradum scholasticum in eadem universitate sumendum perpetuo sit indignus. Et ad istius statuti observantiam firmiorem volumus et ordinamus quod quilibet scholaris, in prima admissione sua ad actum aliquem seu gradum scholasticum, juret se nunquam preces hujusmodi pro se vel alio procuraturum, nec virtute talium precum gradum scholasticum assumpturum, seu quod aliquis assumat concessurum. Cum hoc autem statuto absque consensu magistrorum regentium et non-regentium omnium et singulorum nullatenus dispensetur. Et si contingat occasione precum vel literarum hujusmodi in excusando, proseguendo, defendendo, expensas apponendo seu alias quomodolibet fatigari, ex tunc si collegiatus fuerit vel religiosus, nec ipse cujus contemplatione preces aut literæ hujusmodi sunt porrectæ, nec aliquis de eodem collegio sive claustro ad aliquem actum scholasticum sive gradum in nostra universitate admittatur, nisi prius de damnis et expensis in ea parte effusis universitati prædictæ satisfaciatur. Si autem aliquis, pro quo continget, ut præmittitur, supplicari, gratiam contemplatione supplicationis hujusmodi per universitatem sibi factam approbet, admitendo eo ipso ipsum dictæ supplicationis impetratorem, tanquam principaliter procurantem pœnis supradictis decernimus subjacere.—*L. P. A.* 101.

147. *De habitibus et insigniis magistrorum.*

In theologia, decretis, et artibus regentes capis clausis vel palliis in lectionibus et disputationibus ordinariis utantur, ad inceptions et exequias in eodem habitu decenter incedentes. Inhibemus et statuimus ne quis secularis in decretis incipiens alio habitu quam capa rubea in lectionibus ordinariis utatur, nec contra hoc statutum de capa rubea sine consensu magistrorum regentium et non-regentium quovis modo dis-

pensetur. De juristis etiam et medicis regentibus statuimus quod non legant nec actus magistrales exercent nisi in capis manicatis furratis, non tamen lineatis nisi voluerint, nec etiam aliquis magister regens artium congregationes vel scholas ingrediatur ad legendum, opponendum vel respondendum nisi habitu ordinario vel capa manicata induatur. Hoc etiam de baccalaureis cujuscunque facultatis cursorie legentibus observari decernimus, theologis exceptis, qui legant in capis rotundis, et etiam decretistis, qui saltem capis manicatis vel clausis legant secundum exigentiam sui status.—*L. 149. *Distinctio sedium magistrorum.*

Item statuimus quod, secundum distinctionem facultatum in gradibus, professores earundem et doctores loca distincta, distinctioni facultatum competentia, in inceptionibus et solennibus resumptionibus ad pedes doctorum in eadem facultate, nullis aliis inter eos assidentibus, sedes habeant sibi deputatas, responsali tamen una cum duobus aliis baccalaureis tantum exceptis. Non-regentes vero inter ipsos responsales et baccalaureos in theologia in loco medio sedes habeant si voluerint. In scholis quoque legum et decretorum primam secundam et tertiam deskam habeant ex utraque parte cathedræ, quam duxerint eligendam, ac etiam in repetitionibus et disputationibus juris civilis et canonici non-regens scholaris aliis scholaribus et non-regens baccalaureus aliis baccalaureis, præponatur in arguendo, inceptoribus et magnatibus exceptis.—*L. 157. *Quod* <sup>1</sup> *magistri publice colligentes tenentur legere.*

Statuimus etiam quod singuli magistri pro publica lectura colligentes, tam extra primum annum quam intra, singulis diebus terminorum legibilibus, si commode poterint, legant, vel ad minus tribus diebus in hebdomada, si tot in eadem legibiles fuerint, sub pœna medietatis collectæ suæ communi cistæ applicandæ.—*L. 158. *De secretis universitatis non revelandis.*

Item statuimus quod nullum secretum universitatis ejusdem cujus revelatio, alicui extrinsecæ personæ facta, possit verisimiliter in notabile seu grave damnum vel præjudicium dictæ universitatis seu alicujus magistri ejusdem vergere, alicui personæ, quæ non est de collegio, reveletur, quod quidem secretum a cancellario et majore et saniore parte universitatis regentium non esse revelandum fuerit decretum. Et si aliqua persona dictorum magistrorum regentium vel non-regentium seu servientium de hujusmodi revelatione majori et saniori parti universitatis regentium fuerit probaliter suspecta, per cancellarium coram universitate regentium eidem, si negaverit, purgatio cum numero magistrorum, a cancellario juxta qualitatem delicti arbitrando, indicatur; et si in dicta purgatione defecerit, pro convicto habeatur, ac propter idem delictum ab omni gradu magistrali, beneficiis et honore ejusdem universitatis suspendatur et excludatur, quousque gratiam ab eadem universitate seu saltem a majore et saniore parte universitatis regentium meruerit obtinere.—*L. Item statuimus quod, quicumque magister regens vel non-regens seu incepturus in aliqua facultate majori et saniori parti regentium probabiliter fuerit suspectus quod impetrationem libertatum seu privilegiorum pro dicta universitate vel promotionem eorundem vel executionem impedierit, eidem a cancellario coram universitate regentium per <sup>3</sup> majores regentes vel non-regentes, numero magistrorum a cancellario

Si autem aliqua persona religiosa, quæ non sit de collegio universitatis, hujus impedimentum per se vel per aliam personam fecerit vel procuraverit, ex tunc nulla persona de illa religione ad aliquem gradum magisterii vel baccalaureatus admittatur, donec sufficienter universitati dictæ fuerit satisfactum sub hac forma viz. quod superiori illius ordinis et conventus in dicta universitate existenti, et si illa religio conventum in universitate non habeat, superiori conventus sui alibi, dicta offensa denunciatur, infra certum tempus emendanda: quod si factum non fuerit, ut superius continetur, procedatur: intelligentes per personam religiosam obedientiæ vel jurisdictioni ejusdem ordinis subjectam; aliis observantiis super revelatione secretorum in suo robore duraturis.—*L.P.A.* 114.

160. *De votis non revelandis ante depositionem.*

Item statuimus quod, in depositionibus faciendis pro admittendis ad statum magisterii vel baccalaurei in quacunque facultate, nullus magister votum suum ante depositionem illam nutu verbo aut signo tacite vel expresse cuiquam exprimat aut revelet aut super his cum aliquo conferre præsumat.—*L.P.A.* 115.

161. *De modo et forma petendi gratias.*

Item statuimus quod procuratores, vel eorum alter cum occupante vices alterius, seu procuratorum vices occupantes, quamlibet gratiam petendam privatim scrutari teneantur et quilibet regens alteri eorum votum exprimens, secreta respondere præmonitus per alterum procuratorum, privatim respondere teneatur, et pro secreto habere teneantur tam scrutator quam scrutatus: et qui contra hoc statutum venerit, poenam de secreta revelantibus incurrat. Nulla etiam gratia conditionetur, sed pure concedatur vel negetur, nec etiam aliqua gratia cum alia concurret.—*L.P.A.* 116.

162. *De devolutione gratiarum ad congregationem <sup>1</sup>regentium et non regentium.*

Item statuimus quod, quandocunque contigerit in congregationibus regentium aliquam gratiam, cujus concessio, iudicio majoris partis eorundem, nostræ universitatis honori non deroget, sæpius esse petitam et negatam, ita quod hujusmodi gratia in congregationibus regentium per decem dies factis more solito petita expediri non valeat, nulla siquidem rationabili causa ab aliquo regente objecta, de qua fidem fecerit proprio juramento in fide præstita universitati, quo minus juxta iudicium majoris partis eorundem regentium eadem gratia debeat expediri, ex tunc plena potestas expediendi hujusmodi gratiam, sæpius ut præmittitur petitam et nimis voluntarie negatam, congregationi regentium et non-regentium adquiratur ita viz. quod quælibet hujusmodi gratia pro expedita habeatur quam major pars regentium et major pars non-regentium simul duxerint concedendam, omni statuto prius in contrarium edito ac contraria consuetudine hactenus approbata irritis penitus et cassatis: hoc etiam præmissis diligenter adjecto quod pro hujusmodi gratiis expediendis nullo modo vexentur non-regentes plus quam ter in anno, nisi secundum iudicium majoris partis regentium urgens necessitas pro hujusmodi expeditionibus ingruerit ad eosdem pluries congregandos.—*L.P.A.* 117.

163. *Restrictio potestatis regentium et ne duo mendicantes ejusdem claustrum eodem anno incipiant.*

Liceat tamen regentibus cum magistro qui in artibus rexerit annum in dialectica cum anno in theologia commutare, ac annum theologiæ extra universitatem cum anno intra, in alicujus ad statum baccalaureatus admissione, et de artistis formam auditam vel lectam cum audienda æquali commutare. Liceat etiam eisdem cum opponentibus, cursorie aut ordinarie legentibus, ad sui laboris alleviationem de xv. diebus continuis vel discontinuis in quolibet termino dispensare, dummodo non per hoc citius cessent, aut exequiis, missis, aut in actibus publicis, nisi ex causa necessaria, se absentent.—*L. P. A.* 118.

164. *Quod duo doctores vel duo baccalaurei de eodem claustro non concurrant in lectura.*

Item declaratum est per totam universitatem regentium et non-regentium, quod de consuetudine istius universitatis legitime præscripta est obtentum, quòd de nullo ordine mendicantium possunt duo magistri vel duo baccalaurei in lectura ordinaria vel sententiarum in eadem universitate concurrere, nisi super hoc fuerit cum eisdem ob causam aliquam rationabilem per eandem universitatem dispensatum: ita quod, cujuscunque prædictorum ordinum uno lecturam hujusmodi incipiente, semper alius ejusdem ordinis qui lecturam consimilem exercuerat, ab eadem hactenus cessare, nisi secum dispensatum fuerit, ut præmittitur consuevit: et super ista declaratione, quæ tanquam statutum de cætero firmiter observetur, nisi per omnes magistros regentes et non-regentes istius universitatis legitime convocatos nullatenus dispensetur.—*L. C. 163.

Declaratum est statutum de restrictione potestatis regentium quoad quandam particulam in eo contentam scilicet istam “ et de artistis formam auditam vel lectam cum forma audienda æquali commutare” per maiorem partem regentium et per maiorem partem non-regentium sic fore intelligendum, quod formam auditam vel lectam ordinarie vel cursorie cum æquali audienda vel legenda ordinarie vel cursorie possint regentes commutare.—*L. 166. *De literis conversationis.*

Statuimus quod quilibet magister sive regens fuerit sive non-regens habeat literas suæ conversationis sub sigillo communi universitatis consignatas, dum tamen illas ab universitate petierit et easdem major pars regentium concesserit, nisi aliquis aliquod legitimum impedimentum in forma juris contra ipsum opposuerit et probaverit.—*L. 167. *De sermonibus examinatoriis.*<sup>1</sup>

Statuimus quod quicumque baccalaureus de cætero in theologia incepturus, antequam ad incipiendum in dicta universitate licentietur, publice prædicet in ecclesia beatæ Mariæ ad clerum, ubi actus alii scholastici solenniores fieri consueverunt, die prædicandi per cancellarium qui pro tempore fuerit sibi primitus assignanda, nec ad prædicationem alibi faciendam ulterius teneatur, dum tamen cætera adimpleverit quæ in antiquo (c. 124.) statuto universitatis prædictæ plenius continentur. Fratres tamen prædicatores et minores in ecclesia antedicta hujusmodi sermones prædicare nullatenus teneantur, sed in locis suis tantum prædicent hos sermones. Quarto die Decembris anno Domini millesimo cccc<sup>o</sup> lxvi<sup>o</sup> <sup>4 Dec. 1466.</sup> in plena congregatione regentium et non-regentium summarim declaravimus, quod opposcentes in theologia admissi sive licentiati ad intrandum libros sententiarum, donec actualiter eosdem intraverint cum effectum, baccalaurei nomine in eadem dicta facultate minime gaudeant, nec gradum baccalaureatus honoresve ejusdem in dicta sacra theologia satis obtineant, nec alia loca habeant quam inter opposcentes in generali processione sive in ecclesia Beatæ Virginis<sup>2</sup> cum sermones ad clerum ibidem fuerint, donec per introitum sententiarum gradus perfecerint complementum.—*L.P.A. fol. 45 b.*

Sæpe contingit quòd ea, quæ ad remedium sunt provisa, ad noxam tendere dignoscuntur, quod equidem experientia edocet et ipsa res manifestat. Cum enim retroactis temporibus, nobis permittentibus, consuetum fuerat scholares nostros quoscunque in communi libraria nostra ad suum commodum et, ut credidimus, incrementum virtutum ita libere quemadmodum gremiales nostros usum librorum inibi habuisse, quod in grave præjudicium nostræ universitatis cedere non dubitamus, ea propter nos volentes circa præmissa remedium providere, ordinamus et statuimus quod de cætero in dictam nostram communem librariam, qui graduatus non fuerit, nisi cum graduato intrare non præsumat et cum eodem recessurus: adjiciendo quod nullus graduatus non gremialis intret in bibliothecam sive librariam præfatam absque habitu suo gradui competenti, et quod, si quis hujus statuti violator extiterit et super eodem coram cancellario vel ejus vices gerente convictus fuerit, perpetuam bannitionem incurrat ipso facto: quod quidem statutum per singula collegia et hospitia infra octo dies volumus publicari.

*Declaratio ejusdem.*

Statutum de exequiis magistrorum gremialium decedentium sic statuimus fore moderandum: primo quod ad locum in quo moritur regens aliquis, cancellarius vel ejus locum tenens cum cæteris regentibus simul in habitibus scholasticis, ad locum vero non-regentis omnes tam regentes quam non-regentes secundum formam in antiquo statuto expressam convenient: proviso tamen quod, si aliquem magistrum gremialem mori contingat, tunc tale funus ad sepulturam, ut in antiquo statuto continetur, deferatur, et tunc post quædam suffragia dicenda in processione funeris ad ecclesiam cum cæteris in tempore sepulturæ adhibitis statim ante omnia, nullis prius recessuris, donec corpus tradatur Christianæ sepulturæ. Item statuimus quod siue obierit regens siue non-regens nihil de dicendis suffragiis in antiquo statuto expressis omittatur. Cum cerneremus sæpenumero cistarum nostrarum custodes, parum perjuri periculum formidantes, salutis suæ detrimenta incurrere, dum circa ipsarum cistarum administrationes aut ratiocinia non tam solliciti et diligentes erant, ut juxta sua juramenta esse deberent, decrevimus per hoc statutum et cistarum indemnitatibus et hominum saluti quoad possumus prospicere. Statuimus ergo ut deinceps cistarum nostrarum custodes omnes tam veteres quam novi, necnon auditores, teneantur earundem ratiocinia facere singulis annis ante festum omnium Sanctorum. Quod si quispiam segnis et negligens repertus fuerit, quo minus per eum tempore congruo hujusmodi computus fiat, xii denarios solvere universitati prima vice teneatur. Si autem per culpam cujusquam adhuc diutius hujusmodi computus differatur per dies xv, duplam poenam incurrat, et ita deinceps pro quindena qualibet dilationis computûs semper poena denariorum xii accrescat. Qui vero pecuniam in forma supradicta taxatam persolvere recusaverint, eos tanquam perjuros in xl solidis condemnandos fore decernimus. Volumus autem hoc statutum singulis annis legi coram custodibus, cum electi fuerint, et ad hoc eos observandum sicut ad cætera statuta de cistarum custodiis corporale præstare juramentum.

*De dispensationibus et quantum pro illis recipere possint officarii in admissionibus.*

Ut dispensationes legum nostrarum quas gratias vocamus non immerito hoc vocabulo gaudeant, id quod fiet si non nimia merces pendatur officariis quorum interest petere et captare suffragia magistrorum, tum ut tam ab infamiæ labe, qua paucis nunc retro annis respersa est academia nostra vindicetur, quam procuratorum et scrutatorum nostrorum illæsa sibi maneat et conscientia et fama, denique ut liberior sit accessus pauperum ad meritos honoris gradus, qui esse debent præmia virtutum, utque sciant, qui gradum hic aliquem accepturi sunt, limites quos non cogentur transire, et humeros consulant si valeant sufferre onus et an velint recusare, operæ pretium videtur quædam consulere et hortari quæ ad virtutis officia spectant, quædam vero præcipere ac statuere quæ ad vitium avaræ exactionis profligandum conducant. Consulimus autem id quod est optimum, imo hortamur in Domino et obsecramus, ne qua improbe efflagitetur pecunia ab his qui gradum hic aliquem ambituri sunt. Nam ut concedatur licere aliquid exigere in mercedem laboris, de quo tamen a nonnullis doctis viris dubitatur, certe est multo tum honestius tum tutius admittere tantum sponte et hilariter oblata, ut sic gratiam pro gratia referant et accipiant invicem, canum illum et laudatum morem, quem non dubitamus hic olim fuisse, revocantes. Quòd si quando exigere velint, id quod permittimus si inciderint in difficiles et parum gratos, quibus opus est procacitate aliqua petendi quod

alioquin nihil darent, statuimus et præscribimus limites ultra quos transgredi non licebit et cancellos intra quos contineri debent. Scrutatores de domo et cotu non-regentium non amplius exigent a quoquam quam dimidiatum hujus quod procuratores reciperent: procuratores autem dupla mercede contenti neque illos subdupla fraudabunt neque quicquam præterea efflagitabunt. Quæ quidem ratio distributionis volumus intelligatur et servetur in singulis qui sequuntur articulis. A logistis et philosophis, qui vel baccalaureatus vel philosophicæ professionis gradu ornandi sunt, haud plus vindicabunt omnes simul prædicti officarii ob laborem petendi dispensationem unius termini quàm duodecim denarios secundum præscriptam rationem inter se distribuendos: hoc est unusquisque procuratorum non amplius quàm quatuor denarios petat, scrutatorum autem non amplius quàm duos: ab his qui integrum tempus a statutis præscriptum habuerint et lectiones ordinarias per majorem partem uniuscujusque terminorum audierint, ob gratiam exonerandæ conscientiæ non ampliùs quàm tantundem. Pari modo a legistis et canonistis ob dispensationem temporis et formæ ad gradum baccalaureatus non plus exigatur, nisi sacerdotium vel prædia aliqua jure perpetuo possederint ad annum redditum centum solidorum, a quibus permittimus exigere ob dispensationem uniuscujusque terminorum decem et octo denarios. A legistis item et canonistis, qui ambiunt gradum doctoratus et habent integrum tempus formæ requisitum, pro gratia ad exonerationem conscientiæ non exigetur plus decem solidis: si autem caruerint aliquo termino formæ juxta statuta requisitæ, non pendent pro gratia hujus termini et exonerationis conscientiæ ultra viginti solidos. Religiosi, qui habent prædia in commune et studuerunt hic vel in academia Oxoniensi per quatuor annos in theologia et alibi totidem, pro dispensatione reliquæ formæ ad gradum baccalaureatus in theologia non solvent plus quam triginta solidos: fratres vero non ultra viginti solidos. A professoribus item religiosis, qui integrum tempus ad gradum doctoratus requisitum habuerint, pro dispensatione formæ ad incipiendum non exigent ultra quadraginta solidos: a fratribus autem non ultra triginti solidos. A professore gram-

matics pro gratia plenæ formæ ad gradum professionis artis suæ nihil amplius petatur quam sex solidi et octo denarii. Nulli de senatu et consilio hujus academici, qui gremiales vocantur, quicquam solvant officiariis pro gratia aut alia qualibet, sed sua veteri immunitate et privilegio gaudeant, tanquam gratiarum ipsi dispensatores, nisi doctores legum, a quibus pro gratia doctoratus in jure canonico permittimus decem solidos recipi. In aliis omnibus volumus ut prædicti procuratores et scrutatores utantur consilio et consensu vice-cancellarii et duorum seniorum doctorum præsentium ac duorum in artibus regentium quos vice-cancellarius et doctores dignos duxerint ut ad id consilii vocentur. Et si scrupulus aut dubium aliquod in hoc statuto oriatur vice-cancellarii aut duorum seniorum regentium tunc præsentium consilio decidatur et terminetur<sup>1</sup>.—*L. P. J. fol. 87.*

*Statutum de oratore eligendo et ejus officio.*

Quoniam plerumque periclitata est respublica nostra defectu literarum quæ, ad magnatum implorandam contra adversarios nostros opem, veluti præsidia nostra tutissima, ipsis opponi debuissent, detrectantibus laborem singulis, partim præmii exiguitate, partim veriti auctoritatem potentiamque eorum contra quos scribi debuissent, visum nobis tandem est laboranti hac in parte parenti academici, veluti piis filiis, succurrendum: et ne adversarii cum ipsis expostulare possint, qui, quod debent, gymnasii causam pro viribus tutantur, statuimus ordinamus et volumus ut unus aliquis orator publicus eligatur, cujus humeris quæ incumbant onera his capitulis colligenda duximus, quorum singula ne detrectet sed fideliter exequatur juramento ipsum astringi sub ipsa mox admissione volumus et statuimus. 1<sup>o</sup> ante omnia jura-bit orator se contra quoscunque vel amicos etiam suos et pro quibuscunque etiam inimicis suis si cancellario et procuratoribus videatur academici nomine literas fideliter exaraturum et si quid in literis publice lectis displiceat commutaturum pro arbitrio eorum quibus committet auctoritatem

expendendi, quæ scripta sunt, academia, deinde correctas in mundo descripturum et ad sigillum aptas redditurum. 2° Et quoniam pleraque incidunt in negotiis publicis quæ coram vice-cancellario tractantur, quæ nonnunquam opem aut regis aut magnatum desiderant, jurabit idem citra ullam excusationem, si vocetur, diligenter et fideliter vice-cancellario et procuratoribus adfuturum, aut alterum, si ipse adesse nequeat, suo nomine substituturum. 3° Item quoniam civile magis munus est quam theologicum principes et magnates in os laudare et ipsorum adventum oratione demonstrativa excipere, statuimus ut orator excipiat principes et magnates omnes oratione docta et elaborata, et ne cum hac re, nisi consentientibus singulis et ipso etiam oratore annuente, dispensari possit ordinamus et statuimus. 4° Ut si aut priorum negotiorum aut amicorum invisendorum causa abesse illi plus quam biduum aut triduum opus fuerit, unum aliquem idoneum in vicem suam coram vice-cancellario aut procuratoribus substituat, qui ejus officium juratus suppleat citra academiciæ aut sumptus aut jacturam. Præterea jurabit si visum fuerit academiciæ, non recusaturum ad quoscunque principes et magnates ire et apud ipsos contra quoscunque causas academiciæ fideliter agere, sic ut ipsi duorum equorum ministrique et suos sumptus academia præstet. Quinto et postremo jurabit, ad quemcunque statum pervenerit, modis omnibus, pro viribus, academiciæ causas contra quoslibet adjuturum et protecturum, et, si vel amicum vel inimicum vel alium quemlibet intelligat aliquid contra academiam moliri, quod mox academiciæ vice-cancellario et procuratoribus, ut primum commode fieri poterit, insinuabit, et consilio juvabit, quo ipsi videtur, si quid immineat periculi, illud posse academiam declinare. Item statuimus ut habitum habeat, si magister artium sit, non ex alia qualibet re quam serico aut undulata.

#### *Pœna.*

Quod si in his omnibus vel horum aliquo quoquo modo peccasse legitime et probabiliter convincatur, volumus ut per vice-cancellarium et majorem partem doctorum, ut illis videbitur justum, puniatur; quod si secundo peccaverit, officio

suspendatur donec patribus academiae visus fuerit dignam criminis dedisse poenam: quod si tertio, prorsus et citra ullam restitutionem semoveatur.

*Privilegia oratoris.*

Jam, quia tot laboribus obnoxium iniquum esset momentaneo afficere præmio, statuimus et ordinamus ut quilibet post dominum Crocum futurus orator tantum per septennium officio gaudeat, idque si hic perstiterit. Deinde quoniam publicæ libertatis veluti assertor et propugnator vir iste est futurus, et talem æquum est honorifice haberi, statuimus et volumus ut orator, si magister artium sit, habeat et locum et honorem omnino summos et proximos post legum et medicinæ doctores: ita tamen ut in processionibus solus incedat, et in publicis actibus sedeat honoris causa separatus ab aliis. Item statuimus quod omnibus publicis negotiis et consiliis etiam non vocatus pro arbitrio suo interesse possit et suam de rebus omnibus, quemadmodum doctores, dicere sententiam. Tertio, quoniam multorum indignationi, academiae nomine, videtur exponendus, et pluribus negotiis nonnunquam involvendus quàm ut, citra publicum incommodum, academiae negotiis semper omnibus interesse possit, eundem ab omnibus missis exequiis et congregationibus etiam ex statuto fore liberum et ad placitum regentem et non-regentem esse. Postremo, ne jacturam faciat absens in suis negotiis, cum obstrictus sit aliquem unum coram vice-cancellario et procuratoribus, quod sine sumptu non potest, in suum sufficere locum, statuimus ut annis singulis ex ærario publico ipsi quadraginta solidi numerentur per procuratores eidem petenti, sine ulla dilatione dandi, viginti scilicet in die vesperiarum et viginti ad festum natalis Domini: proviso semper ut uni domino Croco perpetuum hoc officium sit, quamdiu placuerit hic sedem habere permanentem. Quòd si alio se contulerit illic permansurus, quia primus invexit literas ad nos græcas, et quia regi charus est cujus nomine a præcipuis magnatibus arcte nobis est commendatus, volumus ut ubique et semper omnibus privilegiis suis gaudeat, et, si redierit, locum cum oratore, sed superiorem, servet ac teneat, ita tamen ut orator, qui pro tempore fuerit, officium

servet suum et suis quoque privilegiis gaudeat perinde ac Crocus non interesset.

*De electione oratoris.*

Eligentur autem singuli post dominum Crocum futuri oratores in hunc modum. Intra triduum, si fieri potest, postquam vacaverit officium convocetur plena regentium et non-regentium congregatio, in qua per majorem partem præsentium apertis suffragiis ad modum electionis procuratorum eligatur unus ad eloquentiam natus, qui græce pariter et latine sciat, ad id muneris obeundum: proviso semper quod sit omnibus libera facultas et libertas summa eligendi quem volent neque arcentur per determinationes istas communes collegiorum. <sup>1</sup>—*L. P.J. fol. 94.*

*Religiosi quique suscipientes gradum doctoratus quid solvere debeant universitati.*

9 Jul. 1523. Statutum et ordinatum est 9<sup>o</sup> die Julii anno Domini 1523 per consensum majoris et sanioris partis regentium et non-regentium quod omnes religiosi cujuscunque ordinis habentes possessiones quum gradum doctoratus in aliqua facultate suscipiunt solvent universitati vi<sup>l</sup> xiii<sup>s</sup> iv<sup>d</sup> propter onera universitatis et non arctabuntur ad convivandum. Religiosi vero possessiones non habentes qui gradum doctoratus suscipere volunt solvent universitati v<sup>l</sup> vi<sup>s</sup> viii<sup>d</sup> ob eandem causam et non arctabuntur ad convivandum.

*Statutum novum pro pœna baccalaureorum in artibus et sophistarum.*

Quint. Kal. Feb. 1527. Ut tum honori hujus almæ academïæ nostræ tum scholasticorum inibi studentium utilitati melius consulatur, auctoritate et unanimi consensu regentium et non-regentium decretum est, ut, si generalis quispiam sophista aut baccalaureus in artibus a lectionibus ordinariis, sophismatis, pro-

Porro si baccalaureus in artibus ad eundem modum deliquerit, pro prima vice post suspensionem a dominis procuratoribus vel ab altero illorum in istiusmodi illatam duodecim denarios, pro secunda duos solidos communi cistæ universitatis, uti prædictum est, persolvat; quod si tertio deliquerit, tum pœnam carceris illum subire volumus illic ad arbitrium vice-cancellarii et tam diu mansurus donec summas prædictas quemadmodum præscriptum est communi cistæ persolverit. Et hunc modum observari volumus quotiescunque domino vice-cancellario et dominis procuratoribus visum fuerit expedire. Ad hæc, si plus quam ter in anno suspensus quis fuerit, sive is sophista sit sive baccalaureus, et postea consimili ratione, uti supra expositum est, offenderit, statim citra ulteriorem processum trudatur in carcerem &c. Quòd si adhuc posteaquam illinc emancipatus fuerit in malitia sua persistens quod erratum est emendare neglexerit, sed contumax perseveraverit, si id persentiscant domini rectores seu alter ipsorum, tum demum volumus et decernimus ut pœnam bannitionis incurrat quoadusque uberiores gratiam, postquam resipuerit, ab universitate consequi promereatur. Acta sunt hæc in senatu nostro anno Domini millesimo quingentesimo vicesimo septimo quinto Kalend. Februarii.—

*De continuanda regentia per biennium.*

9 Feb.  
1537.

Majores nostri curam diligentiamque suam ponebant et institutis ac legibus confirmarunt ut, qui ad artium magisterii gradum contenderent aspirare, ii necessitate juramenti devincerentur gradum ita tueri susceptum, ut primo anno disputationibus scholisque darent diligentem operam, neque deponerent utriusvis laborem, nisi anno eo absoluto exactoque, putabant enim tantum numerum singulis annis magistrorum futurum, qui cursum disputationum sustinere soli pene possent, et alios inposterum hoc labore ac sumptu levare ac liberare deberent. Nunc autem cum eo res revoluta et in eum locum adducta est, ut propter annum disputationum cursum omnes graventur sumptu, regentium numerus minuat, bedellorum munus plus laboris minus compendii habeat, gravitas tum oneris, tum impensæ, ad paucos pertineat, et error in suffragiis magnus ac nefarius regentium novorum imperitia sæpe committatur, ei rei quo consuleretur ac manus admoverentur constitutum ac decretum est anno Domini M<sup>o</sup> D<sup>o</sup> xxxvii<sup>o</sup> nono die Februarii majori<sup>1</sup> omnium regentium et non-regentium consensu, ut omnes ac singuli cujuscunque ordinis ac conditionis, qui dehinc porro ad hoc artium magisterium capiendum assensuri<sup>2</sup> sunt, sacramento juramenti per alterum procuratorum in die suæ admissionis publice adhibendo teneantur se duos annos regentiam retenturos, nec prius eam deposituros quam intervallum duorum annorum

*Statutum de regia leta solvenda a procuratoribus.*

1541. Ut in mediis fluctibus nauta, sic in republica bonus quisque providere et gubernacula reipublicæ ita tractare debet, ut ne quid detrimenti respublica capiat, et cùm recto cursu procedere non possit, novam aliquam aliam viam ingrediatur, veterem, tanquam tempestatem, fugiat. Quare cum regius census, quem letam vocant, qui nobis magno præsidio et emolumento esse debeat, hominum negligentium et non satis circumspecte providentium omissione eo evasit, ut multa inde detrimenta in reipublicam nostram importentur, ac ærarium nostrum, quod nervus reipublicæ nostræ est, ita exhaustum et inanitum sit, ut sumptibus impensisque sufficere non possit, idcirco majori parti regentium et non-regentium de abrogandis taxatoribus et leta administranda ad hunc modum in plena congregatione statutum decretumque est. Quemadmodum multitudo imperatorum Cariam, ut fertur, perdidit, sic, ne inter multos rempublicam administrantes, quæ nunc labefactata imminutaque sunt, funditus pessum eant, et ad nihilum ventura sint, statuimus ut, abrogatis posthac taxatoribus, procuratores habeant auctoritatem limitandi et assignandi mensuram quam assisam vocant panis et cervisiæ, et investigent transgressores quoscunque, et omnia faciendi

quæ antehac ad taxatorum officium per statuta academiciæ pertinebant, deinde letæ totius curam administrationemque gerant, et omni academiam pro leta solutionis onere liberent. Hæc pecunia solvenda est, primò regię majestati pro leta decem libræ, domino seneschallo quatuor libræ, vice-seneschallo viginti sex solidi et octo denarii, bedello seu collectori quatuor marcæ. Et quia ad rem privatam omnes satis attendunt, ad rempublicam boni tantum, qui pauci sunt, et his quoque aliquos stimulos emolumentum addit, statuimus ut prædicti procuratores non modo omnia emolumenta et commoda habeant, quæ antehac quocunque legitimo titulo taxatores vendicarunt aut vindicare potuerunt, sed ea quoque quæ ex leta regia provenire justa ratione possunt. Epularum autem et vini impensam quam in electionis die magno cum sumptu et nullo cum fructu admittere solent, quo melius hanc prædictam summam octodecim librarum possunt dissolvere, alienandam et auferendam omnino esse censemus. Ad quam pecuniam bene et fideliter juxta antiquam academiciæ formam certo et consueto tempore solvendam, et ad prædictorum confirmationem fidejussores adhibeant et literas obligatorias academiciæ ante admissionem suam faciant easque vice-cancellario exhibebunt et tradent ac coram academia propriis sigillis designabunt sub pœna viginti librarum infra quindenam academiciæ solvendarum<sup>1</sup>.

*De disputationibus magistrorum in artibus.*

Majores nostri, prudentissimi viri, nihil habuerunt prius 11 Feb. et antiquius quam ut nobis et posteritati hanc academiam<sup>1541.</sup> omnium virtutum et bonarum artium generibus quam maxime florentem relinquerent. Huc omnes suos nervos, huc omnes semper conatus destinabant, optimis statutis diligenter providentes ne quid esset quod ulla ex parte reipublicæ decus et honorem imminueret aut labefactaret. Horum nos pio studio et de studiosis bene merendi promptitudine excitati, mature censemus quorundam minime ferendæ negligentiae consulendum. Nihil enim excogitari potest

vel majori academici ornamēto vel studiosæ juventutis commodo futurum quam publica illa disputandi exercitamenta, quæ quidem hodie quorundam incuria eo sunt a pristina dignitate prolapsa, ut in magnum totius matris nostræ academici dedecus et ignominiam videantur brevi cessura; ut interim reliqua omittamus incommoda. Nam quid obsecro magis dedecorosum aut a recepta et laudabili consuetudine alienum quam unum eundemque regentem toties aliorum partes in scholasticis exercitationibus sustinere atque ex oppidanis domibus nulla literatorum pompa comitatum publicitus ad scholastica certamina prodire? Quid olim inauditum magis quam ipsos artium professores philosophicum campum data opera evitare nec audere cum inferioris loci juvenibus in arenam descendere et manus conserere, sed, sumptus prætextu, eum quam minimo queant pretio ad suas supplendas vices conducere? Quare, quo huic enormi malo semper in deterius vergenti occurreretur, concessum est anno Domini 1541 die vero 11<sup>o</sup> Februarii in plena regentium et non-regentium congregatione ut hoc sequens ederetur statutum et cum cæteris in procuratoris libro scriptum perpetuo observaretur. Volumus igitur et statuimus ut omnes primi et secundi anni regentes in artibus per semetipsos in propriis eorum personis disputare teneantur, nisi petita et obtenta a vice-cancellario et altero procuratorum venia per alium quempiam suis vicibus disputandi. Statuimus etiam ut nemo regens alicujus collegii vel aulæ vel hospitii per alios quam per sui proprii collegii vel aulæ regentes unquam disputet nisi consulto prius et assentienti suæ domus præposito aut ejus vices gerente. Ad hæc statuimus ut nullus regentium disputaturus prodeat ex tabernis aut domibus laicis sed ex aliquo collegio aula vel literario hospicio, ut loquimur, et domestico suo contubernio juxta laudabilem academici consuetudinem pulchre constipatus. Numerum autem disputationum sic decernimus, quòd nullus regentium sæpiùs quàm bis in uno et eodem termino aut sua aut alterius vice publicis sese exercent disputationibus: neque id quidem cuiquam licere volumus nisi, ut prædictum est, alicujus collegii cotu ex more honeste comitato. Ad hoc statutum perpetuo in posterum stricte observandum unusquisque regentium sub

poena juramenti sui academiciæ præstiti tenebitur.—*L. P. S. fol. 91. L. P. J. fol. 97.*

Conceditur ut baccalaurei juris civilis in posterum non teneantur post eorum admissionem legere librum institutionum in scholis publicis, cum id semper sine aliquo fructu fecerint, sic quod unusquisque eorum solvat universitati quantum, considerata singulorum facultate, decretum fuerit per vice-cancellarium et doctorem cathedræ juris civilis et seniore procuratorem, qui pro tempore fuerit, ita quoque ut ultra 13<sup>s</sup>. 4<sup>d</sup>. a nemine exigatur.—*L. Grat. D fol. 3.*

1542.

Conceditur ut præfatio habita postridie comitiorum a baccalaureis theologiæ sufficiat eis, qui nunc sunt et qui in posterum erunt, pro lectione magistri sententiarum, quum magistrum sententiarum legere per regias injunctiones non licet, et quod non teneantur propterea ad ulteriorem residentiam.—*L. Grat. D fol. 7.*

1543.

Conceditur ut dominus vice-cancellarius præsides collegiorum omnes vel eorum substituti una cum procuratoribus habeant auctoritatem limitandi modum et formam quibus omnes, quicunque scholasticorum privilegiis gavisuri sunt et hactenus non sunt jurati academiciæ neque matriculati, debeant jurare et matriculari, et quantum pro ista re debeant solvere et quomodo; et quicquid hi omnes aut major eorum pars præsentium, si omnes adesse non possunt, ante mensem decreverit, pro statuto habeatur, sic ut prius coram vobis legatur et tum in librum procuratorum inscribatur.—*L. Grat. D fol. 8.*

*Syngrapha inter veteres et novos procuratores.*

Quoniam per incuriam et negligentiam non-nullorum procuratorum et aliorum magistratum effectum est ut libræ pondera, mensuræ, resque aliæ per academiam emptæ disperdantur sæpe ac desiderentur, cum tamen non appareat cujus id culpâ sit effectum, statuimus ut et hoc tempore et semper deinceps inter procuratores veteres ac novos syngrapha fiet indentata, quæ testetur quid a veteribus procuratoribus rerum academiciæ novis traditum fuerit, nec aliter nisi per illam syngrapham utriusque manu subscriptam procuratores recedentes a magistratu suo liberentur: post quorum

*The Oath of the Scholars Servants and other privileged  
Persons not Scholars.*

You shall swear that so long as you shall be in the privilege  
of a scholar you and your servants shall be obedient to the

chancellor and vice-chancellor of this university in all lawful and honest things, as shall concern your person and degree, and keep all good ordinances, statutes, and laudable customs of the university which doth or shall concern likewise your person. Also, you shall not go about to break and infringe any privilege or liberty granted by the king's highness or his progenitors, or hereafter to be granted by the king's majesty or his successors to this university, nor suffer none of your servants so to do, nor help, counsel, nor maintain any man going about so to do at any time hereafter while you shall live. So help you God and the holy evangelists.

*Eodem<sup>1</sup> anno xx<sup>o</sup> Maii.*

Procancellarius procuratores et præsides prædicti ita interpretabantur hoc statutum viz., ut impuberes pecunias quidem solverent, et describerentur eorum nomina, sed jurejurando adigerentur tum, cum ad pubertatem venissent.

Et scholasticorum famuli hi demum in censum acciperentur qui aut, quasi patresfamilias, ipsi domus domini, aut inquilini essent, aut qui in collegiis, aulis hospitiiisve degunt: famulorum autem famuli ne censerentur nisi ipsi vellent.—*L. P. J. fol. 100. Lib. rer. mem. fol. 14.<sup>2</sup>*

It is granted that because the taxor's office now joined to the proctor's office is thought overchargeable and painful to the proctors, Mr. Vice-chancellor, Dr. Smith and Atkynson, Mr. Swynborne, Aynsworth, Maptid, and Gylpyn may have your authority to separate the offices, and to devise an order and way of paying such sums of money as be due to the king's majesty, and to both the stewards of the university, so that the university be not overcharged thereby, and that their doings herein be written, read, and allowed of you afore the 8th day of October next coming.—*L. *Fen et Neale.*

*Billyngforth et Bouser.*

Custodes Billyngforth et Bouser xi continuos annos vicens annuas libras accipient et prima pensio incipiet anno Domini 1557 ; postrema erit 1567.

*Trinitatis.*

*Darlington et Exceter.*

Ad extremum reficietur sors Darlington et Exceter quinque annis ; primaque pensio 1571, postrema 1575 erit. Et ille

annus ad pristinum statum creditrices academice cistas perducet. Quod decretum nostrum, ne per negligentiam custodum, non requirentium hanc pecuniam a cistis academice creditam, vanum irritumque fiat, statuimus ut quotannis custodes ejus cistae, cujus pecuniae dies illo anno ventura est, praeter priora sacramenta hoc adigantur jurejurando.

*Jusjurandum custodum cistae.*

Jurabit quod exiges pecuniam tuae cistae debitam a procancellario cum dies venerit: et si non fuerit persoluta tempore in statuto de cistis reficiendis praefinito aut saltem antequam a custodia cistae decedas quod palam conquereris de ista re in proxima congregatione regentium et non-regentium ad omnes magistros et doctores ibi praesentes.

Quod quidem et custodum interest facere, quippe quos non alio modo liberari aut ἀποχρην ab auditoribus accipere decrevimus nisi aut aucta cistae sors fuerit aut eos huic jurejurando satisfecisse appareat.—*L.P.J. fol. 101. Lib. Rer. Memor. fol. 16.*

*De rectoria Burwelli.*

Decrevit eodem quoque tempore senatus universus regentium et non-regentium ut quinque quotannis ad minimum conciones fiant: quarum quatuor a theologiae baccalaureis singulis separatim in diversis anni quadrantibus, una vero a procancellario in quadragesima media vel die parasceves habeatur. Et caeteris his quatuor concionatoribus ad sumptus suos ferendos xx<sup>d</sup> a procuratoribus numerentur, procancellario iii<sup>s</sup> iv<sup>d</sup>. Procancellarius, quo die concionabitur ibi, sarta tecta omnium adium, quae ad academiam pertinent, diligenter intuebitur et si quid reficiendum videat in syngrapham serratam, quam indentatam vocant, scribet, cujus alteram partem apud colonum relinquet, alteram ipse secum adducet, maxime si intelligat admonitum fuisse priore anno colonum et sarta tecta non facta. Economis quoque Burwellensis ecclesiae quos aedituos aut gardianos vocant xiii<sup>s</sup> vi<sup>d</sup> inter pauperes Burwellenses distribuendos dabit, curabitque ut antequam ipse inde discedat distribuantur. Et quanquam non putamus fore ut concionandi laborem nostri theologi unquam refugiant, ingratiue sint in illud oppidum quod

magnam partem sumptuum academici sustinebit, tamen ne et ignaviae et ingratitude non prospectum videatur, statuimus ne quis posthac admittatur ad gradum baccalaureatus in theologia, nisi juret se obediturum procancellario si ab illo jubeatur concionari Burwellæ, modo ne plus semel uno anno concionari cogatur, pignusque super hac re v<sup>r</sup> in manus procuratorum singulos qui deinceps admittentur in theologiæ baccalaureorum ordinem deponere volumus: præstituetque procancellarius quot conciones ipse voluerit et quibus diebus, sic tamen ut ne plures quatuor prædictam pecuniæ summam ab academia capiant, et illi aut primi quique baccalaurei et seniores, aut quos procancellarius quasi maxime idoneos ad hoc designaverit.<sup>1</sup>—*L.P.J. f. 102. *Decretum de restituendis taxatoribus.*

Verissime quidem dictum est neque bonum nautam neque legislatorem sapientem eundem et perpetuum ac semper sui similem cursum sequi, sed ille, cum mare minetur procellam et imminens tempestas se procul ostendere cœpit, vela contrahit, cogit in angustum nautas, et eos onere et labore præmit, faciemque maligni ac duri domini præfert: idem ubi sudum est et placida navigatio relaxat vela, remittet labores, laudis aut mercedis præmiolo benignius invitat suos: nec dissimiliter bene gubernata respublica temporibus asperis atque difficilibus gravius nonnunquam et acerbius suis imperat, aut operas ab iis gratis exigit, aut tributum imponit, aut saltem impensos labores non dignis prosequitur operæ pretiis. Cujus quidem rei et nos quoque in nostra republica quoddam specimen et experimentum nuper sensimus, quæ graviter concussa tempestatibus, exhausta re vectigali, ac ærario prope uno tempore destituta, per inopiam coacta est non solum unum magistratam taxatorium sibi prorsus adimere, verum etiam procuratorium collegium gravi onere premere, summa nimirum xviii librarum quotannis solvenda; et hæc temporibus iniquissimis necessitas expressit. Placet itaque regentibus et non-regentibus universis, ut posthac taxatores eo jure atque ordine, quo prius, creentur, et ad omnia, quæ priores taxatores capere jure poterant, emolumenta: procuratoresque qui posthac designabuntur, a solvendo seneschalli honorario, hoc est quaternis quotannis libris, liberari: cæteris omnibus quæ in statuto nostro de regia leta solvenda 1541, edito continentur in suo robore duraturis.—*L.P.J. fol. 103.*<sup>1</sup>

STATUTA REGINÆ ELIZABETHÆ anno duodecimo regni

Elizabetha Dei gratia Angliæ Franciæ et Hiberniæ regina  
fidei defensor, &c. Dilectis nobis cancellario magistris et  
scholaribus universitatis Cantabrigiensis salutem.

Quanta rerum vestrarum cura nos perpetuo sollicitat, dum  
utilitati academici vestræ studemus, non tam privilegia a nostra  
benignitate vobis concessa quam legum et statutorum vestro-  
rum nova quædam dispositio manifeste declarant: quorum  
altero injuriis obsistere quieteque studiis vestris incumbere,  
altero concordie rectæque reipublicæ vestræ gubernationi  
consulere possitis. De illo abunde satis a nobis est prospec-  
tum: istud quidem licet jamdiu a nobis inchoatum esse non  
ignoramus ac leges interea exercendas vobis dederimus, usu  
tamen atque experientia optima efficacique rerum magistra  
edocti animadvertimus in illis aliqua esse correctione digna.  
Rursus crescente hominum audacia nimiaque licentia aliquas  
novas prioribus esse adjiciendas duximus. Negotia enim quæ  
de novo emergerunt novo indigere auxilio facile cernimus.  
Nunc vero cum ista omnia accurate ut speramus sunt absoluta

#### LEGES sive STATUTA CANTABRIGIENSIS ACADEMIÆ.

Deum timeto: regem honorato: virtutem colito: disciplinis bonis operam dato. Sed qui reipublicæ vult leges et instituta proponere non solum laboris verum etiam et otii debet rationem habere. Interest enim studiosorum hominum et literatorum nonnunquam laxatos habere animos ut ad studia contentiores veniant. Et quanquam literarius labor re quidem vera sit suavissimum otium, tamen et otium suum habet negotium et intermissionem propterea requirit. Itaque lectionibus et disputationibus publicis fines terminosque ponamus.

#### *De terminorum assignatione.*

#### CAP. I.

Primus lectionum et disputationum dies erit a decimo die Octobris usque ad decimum sextum Decembris. Secundus

terminus erit a tertio decimo die Januarii ad decimum ante pascha diem. Undecimo post pascha redintegrabuntur disputationes et lectiones publicæ usque ad diem veneris comitia sequentem. Terminus vacationis erit a die supradicto usque ad decimum Octobris in quo propter intemperiem cœli et pestis atque contagionis pericula nec publicæ lectiones (præter regiae) nec disputationes sint in academice scholis, quæ momentum aliquod ad gradus adipiscendos adferant. Licebit tamen cuivis eo tempore suæ exercitationis causa publice quidvis prælegere aut etiam disputationem ibidem instituere venia tamen prius a cancellario data.

*De baccalaureorum inauguratione et magnis comitiis.*

CAP. II.

Solennis et annua sit professio baccalaureorum die Mercurii primam dominicam quadragesimæ præcedenti et prorogetur ad diem Jovis post quartam dominicam ejusdem, quo tempore omnes quæstionistæ antiquum et solitum examen subibunt: et magna comitia, cooptatio atque inauguratio cæterorum ordinum, primo Martis Julii: quo tempore si pestis obfuerit aut alia gravior causa fuerit quo minus solennes ritus possunt peragi, in primum diem Martis Octobris vel alium quemcunque diem differantur judicio cancellarii præscribendum.

*De lectoribus publicis.*

CAP. III.

Qui prælegerit theologiam jus civile medicinam aut mathematicam quaternis diebus in hebdomada ad minimum legat, nempe Lunæ Martis Mercurii et Jovis. Quod si festus dies intercurrat, in alio die supplebit ut omnino quatuor dierum lectio præcise observetur. Linguarum professores philosophiæ dialecticæ et rhetorices eandem in legendo formam observabunt. Quod ni fecerint, regii professores decem solidis pro qualibet lectione quam omiserint mulcentur. Et mulctæ quidem lectorum theologiæ Hebraicæ et Græcæ linguæ secundum præscriptum statuti Collegii Trinitatis in usum dicti collegii reddantur. Mulctæ duorum juris civilis

et medicinæ per vice-cancellarium exigantur. Reliqui autem quatuor ordinarii et publici lectores pro qualibet lectione quam omiserint solvent tres solidos et quatuor denarios. Et si quispiam prædictorum lectorum dies illos quatuor interpolatos sumere malit quam continuos, sub finem præcedentis lectionis auditores suos intermissionis hujusmodi commonefaciat sub pœna prædicta.

*De temporibus lectionum et libris prælegendis.*

CAP. IV.

Tempora lectionum publicarum referuntur ad judicium vice-cancellarii qui pro tempore fuerit et magistrorum collegiorum. Theologicus prælector tantum sacras literas doceat atque profiteatur. Jurisconsultus pandectas codicem vel ecclesiastica regni nostri jura quæ nos edituri sumus et non alia prælegat. Philosophicus lector Aristotelis problemata, moralia, politica, Plinium vel Platonem publice doceat. Medicinæ lector Hippocratem vel Galenum. Mathematicus professor, si cosmographiam docet, Melam, Plinium, Strabonem aut Platonem enarret: si arithmetica, Tonstallum aut Cardanum &c: si geometriam, Euclidem: si astronomiam, Ptolomæum enarret. Dialectices professor Aristotelis elenchos aut topica Ciceronis. Prælector rhetorices Quintilianum, Hermogenem aut aliquem alium librum oratoriarum Ciceronis. Quos omnes libros vulgari lingua pro captu et intelligentia auditorum explicabit interpretabiturque. Græcæ linguæ professor Homerum, Isocratem, Demosthenem, Euripidem aut alium ex antiquioribus et artem una cum proprietate linguæ docebit. Lector Hebraicus non nisi ex fontibus sacræ scripturæ prælegat simulque grammaticam Hebraicam et linguæ proprietatem docebit. Omnes unius atque ejusdem scientiæ lectiones una atque eadem hora legant atque concurrant.

*De publicarum lectionum auditoribus.*

CAP. V.

Nullus scholaris, quocunque gradu et nomine censeatur, sive collegiorum stipendiis sustentetur sive suis sumptibus

alatur, ullam publicam lectionem ejus professionis cui destinatus est omittat, sed a principio usque ad finem quiete et attente eam audiat: nullaue ejus excusatio admittatur nisi infirmitatis vel alterius urgentissimæ necessitatis prius vel post intra triduum per absentem a lectione ultro alleganda et per procancellarium vel procuratores approbanda. Qui huic ordinationi non paruerit, pro prima vice pretium communarum unius diei, pro secunda trium, pro tertia unius hebdomadæ, pro quarta duarum hebdomadarum persolvat. Quod si alicujus negligentia et contumacia longius processerit, pro arbitrio domini cancellarii puniatur. Magister, præses aut præpositus cujusque collegii hanc mulctam ad denunciationem et petitionem cancellarii ab eo qui peccaverit exigito et persolvito dividendam æqualiter inter academiam procuratores et præcones. Atque quo certius constet qui cuique lectioni interesse teneantur, volumus ut primarii lectores omnium collegiorum, ab aliquo præconum triduo ante initium cujusque termini admoniti, schedulam nomina singulorum sociorum discipulorum pensionariorum sizatorum subsizatorum in suis collegiis commorantium continentem et quas lectiones quilibet audire et frequentare debeat, infra tres dies procuratoribus vel eorum alteri exhibeant. Quod si illi admoniti non fecerint sive bedelli per vices neglexerint, qui delinquit sex solidorum et octo denariorum mulctam incurrat. Quinetiam ne quispiam in fraudem prædicti statuti et ordinationis delinquens impune latere possit, statuimus ut Decani cujusque collegii aut, si nullus ibi sit decanus, tunc primarii lectores monitores singulis septimanis pro qualibet dictorum auditorum classe (artium magistros, legum, musicæ et medicinæ baccalaureos et superiores gradus excipimus) constituent. Qui iidem monitores, nisi singulis diebus quibus professores legere contigerit statim finita lectione schedulam absentium, sero venientium vel exeuntium alteri bedellorum in scholis tradiderint, pro qualibet vice duodecim denariis mulctentur. Porro ut magistri artium, legum baccalaurei et qui sunt superioris gradus suas etiam lectiones diligenter frequentent, collegiorum præpositi aut eorum locum tenentes sedulo providebunt.

quidem.

*De ratione studiorum et quibus modis ad altiores gradus dignitatis juvenes promoventur.*

CAP. VI.

Primus annus rhetoricam docebit: secundus et tertius dialecticam. Quartus adjungat philosophiam; et artium istarum domi forisque pro ratione temporis quisque sit auditor. In hoc quadriennio bis quisque disputato in publicis scholis; bis respondeto in suo grege. Quæ si perfecerit et post consuetum examen dignus videatur, post completum quadriennium et non ante baccalaureus esto: ita tamen quod prius respondeat quæstioni et stet in quadragesima<sup>1</sup> more consueto usque ad postremum actum et super his cautionem realem exponat.

*De baccalaureis artium.*

CAP. VII.

Hi auditores assidui philosophicæ lectionis, astronomiæ, perspectivæ et Græcæ linguæ sint, idque quod inchoatum antea erat sua industria perficiant. Intererunt cunctis magistrorum artium disputationibus aperto capite nec abibunt inde nisi a procuratoribus petita venia. Baccalaureus quisque ter respondebit magistro objicienti, bis in sui gregis exercitatione respondebit declamabitque semel. In his ubi justum trium annorum spatium versatus fuerit et hæc illum perfecisse constiterit, postquam solenniter productus fuerit, cooptabitur in magistrorum ordinem. Jurabunt autem singuli magistri artium in comitiis suis de regentia sua per quinquennium retinenda et cursu disputationum toto hoc tempore servando, post quod tempus non-regentes erunt. Regentes autem in artibus, qui ante hæc statuta inaugurati sunt, regentiam suam retinebunt ad quinquennium a tempore inaugurationis suæ numerandum et non ultra: et si quinquennium illud jam elapsum sit, statim non-regentes erunt.

*De magistris artium.*

CAP. VIII.

Magister artium sedulus erit theologiæ atque Hebraicæ lectionis quotidianus auditor, quibus rebus annorum septem

dabit operam: quo spatio bis disputabit contra theologiæ baccalaureum, semel post quartum annum respondebit in theologia: concionabitur Latine semel et semel Anglice in academiciæ templo et semel ad crucem divi Pauli infra annum post gradum baccalaureatus susceptum. Et si hoc tempore in theologia profecerit, post completum septennium et non antea per solennem inaugurationem baccalaureus fiat.

*De illis qui ad academiam viginti quatuor annos nati accedunt.*

#### CAP. IX.

Qui ad academiam viginti quatuor annos nati accedunt et se studio theologiæ totos tradunt, si omnes hujusmodi exercitationes coluerint quæ ad magistros artium ad thelogiam conversos spectant, post decennium ad gradum baccalaureatus theologiæ accedere poterunt sine ullo in artibus gradu suscepto: ita tamen ut officiariis pro inferioribus gradibus more ab academia recepto satisfaciant.

*De baccalaureis theologiæ.*

#### CAP. X.

Theologiæ baccalaureus theologicam lectionem audiat quotidie: in quæstionibus theologicis bis opponet, semel respondebit idque doctori si commode fieri poterit: Latine semel, Anglice semel concionabitur in academiciæ templo et semel ad crucem divi Pauli infra annum a gradu suscepto. Quinquennium post baccalaureatum susceptum in theologia progressus, poterit vocari in ordinem doctorum.

Si quis cupiens cooptari in ordinem baccalaureorum aut doctorum theologiæ non responderit nec opposuerit secundum ordinem supra præscriptum in eisdem statutis, is nihilominus poterit baccalaureus fieri si semel doctori responderit et publice unam concionem ad clerum et alteram ad populum habuerit et infra annum post gradum susceptum unam ad crucem divi Pauli. Et post baccalaureatum idem poterit esse doctor, si semel doctori responderit et, unam concionem ad clerum habuerit in academiciæ templo ante ejus admissionem et alteram ad crucem divi Pauli infra annum sequentem, modo quinquennium compleverit post gradum baccalaureatus.

*De doctoribus theologiæ.*

## CAP. XI.

Post tantum laboris susceptum et tot pericula atque examina nolumus plus laboris doctoribus imponere quam ipsi volunt sua sponte suscipere nisi quod semel infra annum suscepti gradus quæstionem ipsi sibi proponent in publicis scholis cujus ambigua et dubitationes, dum in utramque partem enucleaverint, definient determinabuntque sub pœna quadraginta solidorum academix solvendorum.

*De legum studiosis.*

## CAP. XII.

Qui a primo in academiam adventu legibus operam dabit, primum annum integrum institutionum lectioni domi suæ impendat: deinde quinquennium totum publicum juris professorem audiat. Respondebit publice semel professori aut alicui doctori ejusdem facultatis antequam fiat baccalaureus juris. Qui fuerit ante baccalaureus artium, quatuor annorum studio poterit juris esse baccalaureus, si ordine præscripto responderit.

*De legum baccalaureis.*

## CAP. XIII.

Hic etiam regium in jure professorem audiat quinquennium. Respondebit hoc tempore bis in suis scholis, opponet semel et cooptabitur doctor. Magister artium septennium dans operam legibus et cæteris perfunctus quæ hic requiruntur, poterit cooptari inter legum doctores.

*De legum doctoribus.*

## CAP. XIV.

Doctor legum mox a doctoratu dabit operam legibus Angliæ, ut non sit imperitus earum legum quas habet sua patria et differentias exteri patriique juris noscat.

*De studiosis medicinæ.*

## CAP. XV.

Medicinæ studiosus sex annos rem medicam discet ejus lectionis auditor assiduus: anatomias duas videat: bis respondeat, semel opponat antequam baccalaureus fiat.

*De studiosis chirurgiæ.*

## CAP. XVI.

Chirurgiæ studiosus duas anatomias faciat: tres ad minimum curationes se fecisse probet, antequam admittatur ad praxin chirurgiæ.

*De baccalaureis medicinæ.*

## CAP. XVII.

Baccalaureus medicinæ respondebit bis semelque opponet: anatomias tres aut ad minimum duas videbit: et tunc post quinquennium a gradu baccalaureatus suscepto admitti poterit ad doctoratum in medicina.

*De doctoribus medicinæ.*

## CAP. XVIII.

Post solennem disputationem et inaugurationem suam medicari licite poterit in omni medicandi genere. Magister artium septennium rei medicæ dans operam, postquam bis doctori in eadem facultate responderit semelque opposuerit publice, poterit fieri doctor medicinæ.

*De modo approbandi eos qui gradum magisterii in artibus suscepturi sunt.*

## CAP. XIX.

Omnis cooptandus in ordinem magistrorum artium, sive alicujus collegii sive propriis sumptibus alatur, primum approbetur a præposito et majori parte sociorum collegii cujus est vel a præposito et majori parte seniorum juxta singulorum collegiorum statuta et consuetudines: et collegii nomine ab uno ex eodem collegio aut ordinario lectore facultatis sistetur coram cancellario in congregatione. Tum coram exponatur, et de libro statutorum clare legatur, quid leges academici requirant ab eo qui in illum ordinem, quem petit, cooptari debeat. Quæ si perfecerit et visitaverit doctores et magistros regentes aut debitam industriam ut eos visitaret præstiterit, modo majorem partem præsentium regentium de scientia et

credulitate habuerit secundum morem scholarium in scrutinio, admittatur, nisi quisquam sponsionem facere velit et infra octo dies probet eum propter imperitiam indignum aut vitiosos mores infamem aut non perfecisse quæ leges requirunt. In dicto autem scrutinio stabunt procancellarius et procuratores.

*De cæremoniis in gradibus conferendis.*

CAP. XX.

Cæremoniæ in gradibus conferendis eædem sint quæ antea fuerant secundum antiquum academix morem. Qui in aliqua congregatione procancellario aliquem pro aliquo gradu suscipiendo repræsentat, consueta verborum forma utatur. Procancellarius baccalaureum theologiæ admittens his verbis utatur; *Admittimus te ad enarrandum omnes apostolicas epistolas in nomine Patris &c.* Doctorem autem admittens ita dicet; *Admittimus te ad interpretandum et profitendum universam sacram scripturam tam veteris quam novi testamenti in nomine Patris &c.*

*De gratiis concedendis.*

CAP. XXI.

Nulla gratia pro gradu aliquo suscipiendo extra terminum omnino vel petatur vel concedatur, nec etiam infra terminum nisi subsequentibus modo et forma viz. ut primum approbetur a præposito et majori parte sociorum collegii sui vel a præposito et majori parte seniorum et a magistro seu illius vicem gerente vel a lectore publico ejus collegii subscribatur. Nec plures proponant terminos in quibus studuerint in academia oppositiones responsiones aut alia scholastica exercitia, quam rei fert veritas: aliter ipsa gratia nulla sit. Et qui falsæ petitioni subscripserit, voce sua in senatu per biennium sit ipso facto privatus et inhabilis etiam ad aliquod officium et munus gerendum infra academiam per idem tempus. Deinde in plena congregatione regentium et non-regentium senior procurator illas gratias publice recitabit, quæ a cancellario et reliquis pro capite illius anni designatis seu in eorum loca surrogatis approbatæ fuerint: et sequente congregatione vel concursu ejusdem congregationis continuatæ illæ ipsæ gratiæ in domo non-regentium primum a seniore scrutatore

iterum publice legentur: ac statim duo scrutatores cum seniore non-regente tunc præsente in scrutinio stabunt ac vota aliorum per hoc verbum *Placet* vel *non Placet* et non aliter accipient et ea scriptis mandabunt, præcone primum ad scrutinium proclamante: quod similiter secundo et tertio modico interjecto intervallo faciet. Et si post trinam illam monitionem a voce danda cessatum fuerit, senior scrutator collatis prius suffragiis publice pronuntiabit pro maiore parte suffragantium *Placet eis* vel *Non Placet eis*. Quam formam observabunt etiam in domo regentium senior procurator in legendo et pronunciando, procancellarius et duo procuratores in suffragiis accipiendis et præco ad scrutinium vocando et reliqui regentes in vocibus suis dandis. Ea vero observatione omissa inanes et irritæ sint gratiæ. Hinc autem excipimus gradum baccalaureatus artium qui antiquum modum petendi retinebit.

Decernimus ut nulla gratia, quæ proponetur in scholis, dispensationem habeat quamcunque: et si secus fiat, gratiam illam irritam et inanem esse volumus. Nec ulli concedatur gratia ut ejus admissio stet ei pro completis gradu et forma sub pœna perjurii procancellarii et eorum qui fuerint in capite nisi sint regiæ majestati a secretis aut episcopi aut nobiles vel nobilium filii.

### *De disputationibus sophistarum.*

#### CAP. XXII.

Ordo disputationum hic est. Inter sophistas veterrimus se responsorem exhibebit et ordine sequentur alii juniores ad finem illius anni. Primus dies termini erit decimus Octobris. Non respondebit nisi qui secundum annum expleverit. Tres principes quæstiones proponat, unam in mathematicis, alteram in dialecticis, tertiam in philosophicis naturalibus aut morali-bus, quas triduo ante affiget valvis scholæ suæ. Cæteri contra disputanto. Ubi responsor hæsitaverit, moderator alter si possit nodum dissolvito. Tempora earum disputationum erunt diebus Lunæ, Martis, Mercurii, Jovis et Veneris a prima post meridiem ad tertiam. Scholæ moderator per singulas disputationes tres suo arbitrio permittat vetustatis ordine

argumenta respondenti proponere præter principalem disputatorem.

*De baccalaureorum disputationibus.*

CAP. XXIII.

Baccalaureorum disputationes fient die Veneris, a nona ad undecimam, si nulla tunc magistrorum disputatio sit: tunc enim fient ab hora prima ejusdem diei usque ad tertiam. Respondebit non nisi baccalaureus secundi anni. Incipiat veterrimus et ordine reliqui sequentur. Contra disputabit unus suo ordine, cui scholæ moderator adjunget quatuor aut plures pro suo arbitrio in singulis disputationibus qui argumenta respondenti objiciant. Qui cursum suum in respondendo omiserit, decem solidis mulctetur: qui vero opponendo cursum omiserit, tribus solidis et quatuor denariis.

*De declamationibus baccalaureorum.*

CAP. XXIV.

Baccalaureorum declamationes erunt diebus Sabbati ab hora octava ad nonam ante meridiem. Prima vero hebdomada duo ordine baccalaurei unum thema tractabunt, cujus contrariam partem duo alii defendent hebdomada sequenti sub poena quinque solidorum si quis cursum suum omiserit.

*De magistrorum artium disputationibus.*

CAP. XXV.

Magistrorum artium disputationes erunt singulis diebus Lunæ, Martis, Mercurii, Jovis singulis septimanis in termino aliquis festus dies intervenerit. Durabunt autem ab hora nona ante meridiem ad undecimam. Et singuli magistri artium ad eas cogentur quoad quartum post inaugurationem suam annum expleverint: post quod tempus inter theologos, jureconsultos aut medicos disputabunt. Inhibemus ne duo magistri eodem tempore disputent aut duo baccalaurei respondeant, nisi alter eorum variaverit. Magistri artium primi anni, quemadmodum in antiquis statutis præcipitur, sic etiam nunc bis disputabunt, priusquam ad aliorum cursum ventum sit.

*De theologorum disputationibus.*

## CAP. XXVI.

Quolibet secundo die Jovis cujuslibet termini fiat disputatio in theologia: in qua disputatione duæ theses theologicæ per dominum procancellarium, regium in theologia professorem ac unum doctorem vel baccalaureum theologiæ seniores in universitate præsentem approbandæ tractabuntur ab hora prima post meridiem ad horam quartam ejusdem diei. Respondebit baccalaureus in theologia maxime senior et sic deinceps cæteri ejusdem ordinis secundum senioritatem suam et post eos omnes magistri artium postquam quartum annum a gradu magisterii suscepto compleverint (qui medicinæ aut juri civili per statuta collegiorum non destinantur aut tenentur ad disputationem juris civilis aut medicinæ) sive sint socii collegiorum sive pensionarii secundum senioritatem suam in academia. Si quis cursum suum intermiserit, mulctabitur viginti solidis totiens quotiens: ita tamen ut nihilominus idem cursum suum intermittens ad proximam teneatur disputationem theologicam, donec in propria persona eadem præstiterit sub pœna consimili. Opponentes erunt tres secundum cursum et ordinem collegiorum præscriptum in his statutis. Stet mulcta ibidem præscripta omni excusatione seposita. Si quis tamen pro gradu suo velit respondere, aut alio die respondeat aut vicem commutet cum eo qui responderet: ita ut proximo die Jovis disputabili is qui prius respondisset locum et cursum occupet. Bedellis vero solitam pro singulis disputationibus collectam reservamus. Ab aliis oneribus respondentes absolvimus nisi pro gradu respondeant quo tempore eosdem ad ordinem et statuta collegiorum in quibus degunt referimus.<sup>1</sup> Quod si quisquam propter aliquam causam rationabilem per cancellarium, regium professorem in theologia et magistrum ac majorem partem sociorum collegii sui approbandam mutaverit cursum suum, idem tamen arctetur ad cursum suum servandum in propria sua persona, cessante hujusmodi causa similiter approbanda eodem termino aut proximo sub pœna prædicta. Quod si festus dies intercesserit, proximo die Jovis disputabili eadem disputatio compleatur. Ad extremum statuimus quod hæc disputatio progredietur

---

<sup>1</sup> This sentence is defective.

et descendet hoc ordine de termino in terminum et de anno in annum donec omnes qui hoc statuto astringuntur respondeant. Tunc vero iterum hæc disputatio incipiat a senioribus ut supra institutum est et sic progrediatur de tempore in tempus.

*De ordine quo singula collegia opposcentes et disputatores suppeditabunt*

### CAP. XXVII.

Primo	Collegium Regium unum.
Deinde	Collegium Trinitatis unum.
Post	Collegium divi Johannis unum.
Post	Collegium Christi Petri et Magdalenæ unum.
Post	Collegium Reginale Pembrochiæ et Catherinæ unum.
Postremo	Collegium Jesu Gonvile et Caii Corporis Christi et Claræ unum.

Altero die collegium Trinitatis inchoabit, et ita circulo, quoad quodque collegium primum sit et postremum. Singulis vero disputationibus tres ab his collegiis aut collegiorum copulationibus replicatores et disputatores adsint. Magistri artium replicabunt eo ordine quo fuerint inaugurati in academia. Si quis neglexerit, mulctetur sex solidis; eorum duobus procuratoribus, duobus respondentibus et totidem præconibus numerandis.

*De jurisconsultorum disputationibus.*

### CAP. XXVIII.

Juris civilis disputatio fiet sexto die Jovis in unoquoque termino aut alio ad assignationem cancellarii. Disputabit regius prælector aut doctor aliquis ejus facultatis. Respondit qui pro forma locum petit aut ejus defectu aliquis eorum qui juri civili dant operam secundum ordinem senioritatis suæ. Quod si neglexerit, mulctabitur viginti solidis. Auditores vero duo regii professoris in eadem facultate juxta senioritatem suam opponent, ubi videbitur prælectoris aut doctoris disputanti sub pœna sex solidorum quoties quis deliquerit. Atque ut certius in posterum de senioritate constet, quilibet

legum baccalaureus omnibus artium magistris qui anno sequenti in eum ordinem cooptantur quoad disputandi ordinem senior, magistris autem artium ejusdem vel superioris anni junior censeatur. Legum autem baccalaurei, ne senioritatis inter se ignorance disputandi cursum impedian, senioritatem pro ordine admissionis habeant. Responsores et disputatores sumentur ex aula Trinitatis et ex aliis collegiis de numero illorum, qui privilegiis studii juris civilis uti volunt, modo doctores non sunt, sub pœna ejusdem quæ prædicitur mulctæ. Hi duas ad minimum horas in disputatione permanebunt. Hæ disputationes ut rite ordine et perpetuo fiant, aula Trinitatis providebit et collegia eo ordine quem ante posuimus. Et si desiderabuntur responsor aut disputatores, eadem mulcta imponetur delinquentibus quam ante nominavimus.

*De medicorum disputationibus.*

CAP. XXIX.

Medicina disputationem habebit nono die Jovis in quoquo termino aut alio ad voluntatem procancellarii. Disputabit prælector regius aut aliquis doctor. Respondebit qui pro forma locum petit aut ejus defectu aliquis eorum qui medicinæ dant operam secundum ordinem senioritatis suæ sub pœna viginti solidorum quoties deliquerit. Et auditores duo regii professoris in eadem facultate opponent juxta senioritatem suam sub pœna sex solidorum.

*De facultatum omnium disputationibus.*

CAP. XXX.

Duæ theses vel conclusiones omnium harum disputationum octo dies ante diem destinatum disputationi scholarum publicarum valvis et cathedræ disputantis a respondente affigantur et eodem tempore ad professores earundem scientiarum atque ad procuratores et præcones per respondentem adducantur sub mulcta duorum solidorum eidem infligenda. Die vero sequenti præcones easdem quæstiones adducent ad eos qui sunt disputaturi sub eadem mulcta.

*De determinatoribus singularum disputationum.*

## CAP. XXXI.

Regius in theologia professor et singularum artium atque facultatum prælectores singulis ejusdem artis disputationibus intererunt præter prælectorem philosophiæ, quem baccalaureorum disputationibus tantum præesse volumus. De argumentis judicabunt, et si quæ vel difficilia sunt vel male ab aliis dissoluta, ipsi dissolvent atque ad extremum, quid ipsis de singulis propositis disputationibus videatur, determinabunt ac definient.

*De disputationibus in vesperiis et die comitiorum.*

## CAP. XXXII.

Disputatio theologica in vesperiis comitiorum erit sub hora octava antemeridiana ad undecimam: in die comitiorum ab hora octava ad undecimam: philosophica vero in vesperiis ab hora prima usque ad tertiam: in die ab hora undecima usque ad secundam. Disputatio in jure civili erit in vesperiis ab hora tertia usque ad quartam: in die ab hora secunda usque ad tertiam. Disputatio in medicina in vesperiis erit ab hora quarta usque ad quintam: in die ab hora tertia ad quartam. Si vero nulla sit in vesperiis disputatio theologica, tum disputatio philosophica eodem tempore erit: et disputatio in jure civili erit ab hora prima ad tertiam: et medicinæ disputatio a tertia ad quintam.

Procancellarius erit moderator et determinator theologicæ disputationis in comitiis si ita illi videbitur: sin minus, regius in theologia professor aut alius doctor a procancellario assignandus.

Baccalaurei theologiæ juris civilis et medicinæ ejus anni comitiis quo hos gradus suscipiunt vel unum ex seipsis communiter eligant vel aliquem alium suo sumptu provideant qui in die comitiorum sua in arte respondeat.

In omnibus comitiis et disputationibus publicis academiciæ et privatis collegiorum nulla neque oratio neque quæstionum explicatio de libro scripto legatur. Hoc si quis privatim violaverit, domi a magistratibus suis justa pœna cocerceatur: sin publice quinque solidis mulctetur, singulis procuratoribus

et præconibus academici singulis solidis tribuendis: proviso quod hac lege theologi, jurisconsulti et medici non tenebuntur.

Lector theologiæ, juris, medicinæ regius semper cathedram illius artis teneat, modo sit doctor in illa facultate.

Regius in medicina lector unam anatomiam singulis annis faciet, si auditores hoc requirant et anatomici impensas persolvere velint.

### *De electione cancellarii.*

#### CAP. XXXIII.

Cancellarii magistratus tam diuturnus esto quam vetera statuta moresque academici permittebant, nimirum ad biennium integrum, aut tamdiu quam tacito consensu academici cancellarius permittatur in eodem officio manere. Intra quatuordecim dies post vacationem hujus muneris certo cognitam a regentibus et non-regentibus ad hunc modum novus cancellarius eligatur. Præcones aut viatores academici procancellarii jussu congregationem regentium et non-regentium in horam nonam subsequentis diei vocabunt. Tum autem procancellarius et procuratores assumpto juniore doctore theologiæ qui tum in academia fuerit, vel si nullus theologiæ doctor præsens in academia fuerit adhibito juniore doctore juris civilis aut medicinæ, stabunt in scrutinio suisque suffragiis prius in scripto latis cæterorum præsentium suffragia scripta accipient. Hæc omnia senior procurator accepta palam et sigillatim leget, et ille per procancellarium cancellarius electus renunciabitur cui plurimi suffragati fuerint. Confestim autem post electionem instrumentum electionis ejus factum sigillo communi obsignabitur et quam maturrime fieri poterit illi tradetur.

### *De electione procancellarii.*

#### CAP. XXXIV.

Tertio Novembris, hora videlicet octava ante meridiem, munus procancellariatus quotannis de jure vacabit. Ac hora nona proxime sequenti in domo regentium convenient omnes collegiorum præpositi ac statim senior gradu primum, deinde

singuli ordine suo, unum aliquem ad id officium nominabunt, e quorum numero dicti præpositi duos punctis suis notabunt, quorum alter et non alius eligatur in procancellarium. Si vero de majori numero præpositorum, non habita ratione numeri totius sed plurium, in signandis duobus vel eorum altero in tribus scrutiniis constare non possit, tunc ille ex his qui paria habent suffragia nominetur, in quem regius in theologia professor consenserit. Et illos duos sic designatos eodem die is qui gradu præest seniori procuratori publicandos regentibus et non-regentibus ante electionem significabit. Quos si senior procurator sic publicare recusaverit, illum officio procuratoris ipso facto privatum declaramus. Electio autem novi procancellarii non ante viginti quatuor horas post vacationem et omnino ante horam quintam postmeridianam quinti diei ejusdem mensis fiet ad hanc formam. Munere procancellarii vacante præcones jussu procuratorum congregationem regentium et non-regentium in horam nonam aut primam quartæ diei ejusdem mensis Novembris vocabunt: alioqui ipsi præcones in horam nonam aut primam illius quinti diei id sua auctoritate facient. Tunc procuratores assumptis duobus senioribus doctoribus in academia præsentibus, aut horum vice si nulli in academia fuerint duobus senioribus in theologia baccalaureis, in scrutinio stabunt et conscripta sua ipsorum suffragia primi ferent ac deinceps omnium aliorum regentium et non-regentium suffragia scripta accipient. Hæc senior procurator aperte et separatim leget et ille ex duobus quos collegiorum præfecti nominaverunt et non alius procancellarius erit, quem major pars regentium et non-regentium suffragiis suis elegerit. Si vero hoc officium procancellariatus infra annum vacaverit, quam proxime ad formam suprascriptam infra triduum vacationis cognitæ novus eligetur.

*De electione procuratorum.*

CAP. XXXV.

Volumus ut collegia singulis annis procuratores futuri anni ex regentibus vel non-regentibus tertii ad minimum suæ regentiæ anni nominent et ut ordinem inceptum et infra-scriptum inviolabiliter observent. Atque cum ad calcem

ordinis perventum fuerit, rursus a capite incipiant, et ita circulariter in nominandis procuratoribus juxta eundem ordinem perpetuo procedatur. Quos sic nominatos ante primum Augusti præfecti illorum collegiorum vel alii illorum nomine procancellario præsentabunt, eosdemque sic præsentatos et nominatos regentes eligere omnino tenebuntur, nisi legitima causa sive exceptio contra eosdem ante primum Octobris coram procancellario allegata et coram eodem et majore parte præpositorum collegiorum infra quatuor dies proximos probata et approbata fuerit.

Electio autem procuratorum postridie Dionysii erit, quo tempore procuratores taxatores et scrutatores anni præteriti munere suo se abdicabunt: et confestim postquam illi ab hoc munere discesserint, sine ulla intermissione ad electionem novorum procedatur ad hunc modum. Cancellarius duobus magistris artium regentibus senioribus assumptis in scrutinio stabit et illi sua ipsorum scripta suffragia primi ferent, deinde omnium aliorum regentium scripta suffragia accipient, quæ senior magister artium aperte et separatim leget illique procuratores erunt quos major pars præsentium suffragiis suis elegerit. Procuratores electi syngraphas cancellario dabunt de solvendo regio vectigali reliquaque pecunia seneschallo et bedellis pendenda pro liberatione academiciæ et de omnibus illis rebus per seneschallum academiciæ in scripta redigendis in pergamenis et procancellario tradendis quæ in duabus letis academiciæ quotannis præsentantur: et cancellarius syngraphas non reddet, donec procuratores sufficientes acquietancias in publicam academiciæ cistam intulerint.

*Ordo secundum quem collegia quotannis procuratores nominabunt inceptus anno Domini 1557: quoad taxatores vero inceptus 1570.*

Decernimus etiam quod, quotiescunque officium procuratoris infra annum suscepti officii per mortem, cessionem, resignationem, deprivationem, amotionem seu alio modo quocunque vacare contigerit, aula Trinitatis pro reliqua parte anni procuratorem nominabit et præsentabit ad modum et formam suprascriptam quam proxime fieri potest eligendum, nisi justa causa ut dictum est impediat. Idem etiam observari volumus in omni hujusmodi vacatione taxatoris.

*De electione scrutatorum.*

CAP. XXXVI.

Eodem die et tempore, quo procuratores a regentibus eliguntur, duo non-regentes ad officium scrutatorum a non-regentibus eligentur ad hanc formam. Stabunt in scrutinio jurati per cancellarium duo seniores doctores non-regentes, aut eorum defectu duo baccalaurei in theologia, aut in eorum absentia duo seniores non-regentes, qui sua et aliorum omnium non-regentium vota et suffragia accipient et senior electos per majorem partem præsentium aperte pronunciet: qui jurati per cancellarium scrutatorum officio per illum annum gaudebunt.

*De electione ædilium sive taxatorum.*

CAP. XXXVII.

Volumus etiam ut collegia bina annis singulis duos regentes vel non-regentes nominent taxatores futuri anni eo ordine, qui in nominandis procuratoribus præscriptus est, incipiendo hoc anno ab his collegiis, quæ in primo loco constituuntur, et eodem ordine et cursu progrediendo et recurrendo. Hos præfecti collegiorum seu alii eorum vice cancellario ante primum Septembris præsentabunt: quos regentes eligere omnino tenebuntur et non alios si nulla legitima causa vel exceptio impediat ante primum Octobris cancellario alleganda et infra quatuor dies proximos coram eodem et majore parte præfectorum collegiorum probanda et approbanda. Electio autem fiet ad formam sequentem. Postridie Dionysii viz. hora prima post meridiem stabunt in scrutinio cancellarius et duo procuratores et sua primum vota simul sed diversis tamen scriptis de utroque taxatore ferent: deinde omnium similiter regentium scripta suffragia accipient.

**Ea senior procurator aperte leget, et illi taxatores erunt quos major pars præsentium elegerit.**

*De præconum seu viatorum numero officio et electione.*

**CAP. XXXVIII.**

Tres erunt præcones seu viatores armigeri, pari loco et munere, et unus inferioris loci bedellus. Illorum vero trium si quando munus vacaverit, cancellarius curabit congregationem regentium et non-regentium intra triduum in horam nonam subsequentis diei vocandam. Tunc cancellarius et procuratores primo sua ipsorum suffragia scripta ferent, deinde cæterorum præsentium omnium scripta suffragia accipient: quibus palam et separatim per seniore procuratorem lectis ille præco renunciabitur quem major pars suffragantium elegerit: quem cancellarius jurejurando astrictum ad hoc munus admittet. Pecuniam autem aliquam aut munus aliquod neque cancellarius neque procuratores neque quisquam alius regentium et non-regentium nec ante electionem nec post pro suffragio suo vel requirat vel oblatum accipiat, sed eos ad hujusmodi munera sine ulla mercedis expectatione aut acceptione eligent. Et si quis contra fecerit, perpetuo infamis jus suffragii amittat. Et quanquam volumus unumquemque præconum aut viatorum sic electum et admissum ad omne tempus vitæ suæ in hoc officio permanere, nisi insignis aliqua culpa expulsionem atque ejectionem requirat, quo diligentius tamen in officio versentur iidem præcones aut viatores, post festum Sancti Michaelis prima illius termini congregatione baculos suos cancellario tradant, qui cum procuratoribus secrete in quodam scrutinio a regentibus et non-regentibus quæret quemadmodum se gesserunt, num seduli et diligentes administri fuerint. Qui si sedulo et honeste officium suum fecisse judicabuntur, cancellarius illis baculos reddet et illorum integritatem ac diligentiam laudabit et ad similem diligentiam et integritatem hortabitur. At si quid ab illis per negligentiam admissum fuisse quisquam magistrorum conquestus fuerit, aut si non fecisse officium suum a quoquam magistrorum artium conquestum fuerit cancellario, tum cancellarius eos admonebit sui muneris, aut

aliter pro ratione culpæ castigabit atque corriget. Sin vero quocunque tempore quisquam illorum insigniter negligens adversus cancellarium procancellarium aut procuratores fuerit, et post alteram et tertiam admonitionem corrigere sese noluerit, vel aliquod detestabile flagitium perpetraverit, unde academia in magnam infamiam prolabatur, cancellarius advocatis sibi procuratoribus et ædium præfectis cum assensu majoris partis eorum eum præconem munere suo dejiciat: et tum novus præco ad formam a nobis præscriptam eligatur. Præcones armigeri tres æquale stipendium, æqualem mercedem, accipient, ad æqualem diligentiam et laborem devincti. Stipendium his et merces proveniet, quemadmodum decreto nostro, quid quisque gradus singulis magistris solvat, constituitur. Horum trium et viatoris inferioris præterea officium erit quotidi eac diligenter cancellario adesse eique in omnibus, quæ ad munus cancellariatus et ad illorum quoque officia spectabunt, inservire et diligenter providere ne, quando referat illos adesse, absentes aut extra conspectum sint. Singulis singularum artium disputationibus duo aut unus ad minimum ex illis semper intersit, si disputator supra gradum baccalaurei sit et disputatorem domo ad scholas deducat, iterumque a scholis domum reducat.

*De electione custodum et auditorum communis cistæ sive ærarii publici.*

CAP. XXXIX.

Ab universo academix senatu quotannis duo non-regentes continuo post electionem procuratorum eligentur ut sint publici ærarii cum cancellario et duobus procuratoribus custodes. Hi quinque communis cistæ quinque diversas Claves habeant, in qua sigillum academix, pecunia, vasa aurea et argentea et ornamenta alia academix conservabuntur. Nihil sine academix consensu hoc sigillo obsignabitur nec pecunia ulla aut vasa aurea vel argentea sine horum notitia et assensu inde extrahentur. In cujuslibet termini exitu in communem cistam procuratores referent, quicquid pecuniæ ad academix usum receptum illorum in manibus est. Item eodem tempore tres alii regentes aut non-regentes eligentur qui cum procancellario procuratorum et aliorum ministrorum rationes

audient, qui ad pecuniam academiciæ vel accipiendam vel impendendam designati sunt: quæ rationes omnes non modo initæ sed etiam confectæ erunt infra duodecim dies post novorum procuratorum electionem sub pœna decem librarum academiciæ persolvendarum ab eo qui fuit in causa cur inita aut perfecta ratio prius non fuit.

*De nominatione et electione lectorum et reliquorum officiariorum.*

CAP. XL.

Nominationes et electiones lectorum, bedellorum, stationariorum, gageatorum; vinopolarum et aliorum ministrorum seu officiariorum academiciæ quorumcunque, de quibus aliter a nobis non est provisum, sequentur modum et formam in electione procancellarii præscriptum fientque intra quatuordecim dies post vacationem nisi aliter statutis nostris aut fundatione cautum sit. Quæ aliter factæ fuerint, ipso jure nullæ sint et irritæ.

*De capite in quavis congregatione per annum eligendo et de ejus autoritate.*

CAP. XLI.

Ne caput negligere videamur, dum de reliquo corpore providemus, hac lege cautum sit uti hora prima duodecimi Octobris post meridiem conveniant in domo regentium cancellarius, collegiorum præfecti, doctores, procuratores et scrutatores ad eligendos illos qui propter cognitionem, gravitatem atque in rebus gerendis prudentiam et fidem caput senatus merito appellari solent. Eo igitur tempore cancellarius unum theologum doctorem, unum jurisconsultum, medicum unum, unum non-regentem et alterum regentem nominatim scribet. Uterque quoque procuratorum ex singulis illis ordinibus similiter unum alium nominabit. Et ex his quindecim præfecti collegiorum, doctores et scrutatores quinque, id est ex singulis ordinibus et facultatibus unum, punctis suis notabunt: et eos in quos plures numero præsentium consentiant (licet majorem partem non faciunt vel æquant si ratio habeatur totius numeri) senior procurator in proximæ congregationis initio regentibus

et non-regentibus significabit eosdemque cum cancellario caput totius senatus futuri anni aperte et publice pronuntiabit. Et si de aliquo uno illorum quinque plures numero ut supra dictum est in primo secundo et tertio scrutinio non convenierint, tunc ad cancellarium et duos seniores doctores tunc præsentes aut eorum majorem partem, quorum cancellarius unus sit, electio pro illa vice pertinebit. Si autem quisquam istorum forte abfuerit ab aliqua congregatione, illius locum occupabit senior illius facultatis tum præsens: et si talis non reperiatur, tunc alius in alia facultate senior præsens in senatu illius vicem eo tempore geret a cancellario evocatus. Horum autem autoritas est in omni senatu et congregatione de omnibus petitionibus prius decernere quam ad reliquum senatum deferantur, ita ut illæ gratiæ solæ approbentur et regentibus ac non-regentibus proponantur in quas eorum singuli consenserint et non aliæ. Et si quicquam a senatu petatur vel concedatur, quod non sit prius istorum iudicio et assensu comprobatum, nullum erit omnino et invalidum nisi his nostris statutis aliter cautum sit.

Quicumque fuerit ad magistratum in academia gerendum legitimis suffragiis ascitus, ille magistratum suscipere non recusabit aut tardabit nisi justam excusationis causam attulerit ab illis comprobendam quorum suffragiis electus fuit.

Illud autem omni diligentia et cautione observetur ut in procuratoribus et taxatoribus quemadmodum et in cæteris magistratibus eligendis et nominandis omnes quorum interest in primis elaborent ut, quos ætate eruditione gravitate et prudentia cæteros antea iudicent, eos sive regentes sive non-regentes sint ad munus academici suscipiendum eligant.

### *De cancellarii officio.*

#### CAP. XLII.

Cancellarius potestatem habebit ad omnes omnium scholasticorum atque etiam eorum famulorum controversias summarie et sine ulla juris solennitate præter illam quam nos præscribemus secundum jus civile et eorum privilegia et consuetudines tum audiendas tum dirimendas, ad congregationes graduatorum et scholasticorum convocandas, ad homines dignos

gradibus scholasticis ornandos qui omnia munia scholastica his contenta statutis expleverint et ad indignos rejiciendos ab iisdem et repellendos, ad omnes eorum violatores puniendos, ad providendum præterea ut singuli academici ministri in suo officio se contineant, ignavos, grassatores, rei suæ dissipatores, contumaces nec obedientes suspensione graduum carcere aut alio leviori supplicio judicio suo castigandos. Non licebit tamen cancellario aliquem scholarem exilio mulctare aut aliquem pileatorum aut præfectorum collegiorum incarcerare absque consensu majoris partis præfectorum collegiorum.

Regentes omnes et non-regentes a principiis congregationum ad finem remanebunt nisi venia a cancellario impetrata licentiam discedendi habeant sub pœna duodecim denariorum quoties peccaverunt.

Singuli etiam regentes et non-regentes, qui in academia maxime commorantur et intra ambitum academici sint et vocati ab aliqua congregatione aut concione ad clerum absunt, a cancellario duobus solidis mulcentur: cujus mulctæ dimidium intercancellarium et procuratores equaliter dividetur, dimidium autem academici assignetur.

Quicquid statutis nostris vel academici cancellario faciendum attribuitur, in ejus absentia hoc idem a procancellario fiat.

Eidem cancellario cum consensu totius academici licebit nova statuta ad eruditionis amplificationem et decori atque honesti conservationem inter scholasticos habendam sancire sic ut ea his decretis nostris nihil detrahant aut officiant.

### *De officio procuratorum.*

#### CAP. XLIII.

Procuratores academici publicis disputationibus jurisconsultorum, medicorum et magistrorum artium intererunt et convenientem ac decorum ordinem conservandum curabunt et quamdiu quisquam contra disputabit, præscribent: exordia longa, argumenta nugatoria quæ magnum disputationibus afferunt detrimentum, præcident et providebunt ut omnes qui præsto esse tenentur adsint nec sine legitima et approbata causa aut venia impetrata discedant eosque qui contra faciunt

primo tempore quatuor denariis, secundo duodecim, tertio viginti denariis, quarto graviore pœna mulctabunt. Si gravior illi qui mulctatur mulcta esse videbitur, ad cancellarium provocatio fiet. Procuratorum etiam erit providere ut singuli suas in respondendo vices atque ordinem conservent eumque qui deliquerit violati ordinis ad cancellarium deferent. Cancellarius eum qui deliquerit primo pecunia præfinita mulctabit: iterum delinquenti duplicabit mulctam: tertio vero si deliquerit cancellarius illum gravius pro arbitrio suo coercebit. At vero si quis sic offenderit baccalaureus artium primi aut secundi anni aut inferioris ordinis fuerit, primo quinque solidis, secundo decem solidis, tertio vero pro cancellarii arbitrio gravius coercebitur. Harum omnium mulctarum triens unus procuratoribus, alter præconibus, tertius ærario publico dividatur: qui nisi statim persolvantur, violator ordinis pignoribus captis coerceatur quæ, ad eam summam perveniant: et post novendum ea distrahantur, nisi interea temporis pro mulcta satisfaciat.

Unus ex procuratoribus semper disputationibus philosophicis magistrorum artium adsit, quorum moderator esse debet. Si abfuerit, tribus solidis et quatuor denariis mulctabitur quoties abfuerit. Procuratores in matriculatione præsentis et officium suum diligenter facientes singulis matriculationum diebus tres solidos et quatuor denarios ex ea pecunia matriculatoria accipient.

*De oratore.*

CAP. XLIV.

Orator academici nisi impetrata a cancellario venia non discedat et idoneum aliquem ad id tempus vicarium substituat: neque illi hac venia licebit plus tribus mensibus toto anno abesse sub pœna muneris oratorii amittendi nisi veniam ab academia uberiores habeat.

*De concionibus.*

CAP. XLV.

Nullus concionator sit vel aliquam concionem pro gradu suo habeat nisi ad minimum diaconus sit. Octavo Maii ad Henrici septimi commendationem sacra concio sit, quam regius

in theologia professor faciat. Pridie unius cujusque termini concio latina hora nona antemeridiana in ecclesia Beatæ Mariæ habeatur. Primo termino anni concionabitur regius professor in theologia: secundo professor dominæ Margaretæ: tertio concionator academici. Unoquoque die dominico de anno in annum conciones in academici templo fiant. Ordinem eundem collegiorum in concionibus conservabunt, quem in disputationibus præscripsimus, incipiendo a senioribus qui concionatores sunt in unaquaque combinatione et sic progrediendo ad juniorem. Qui cursum suum concionando omiserit, viginti solidis mulctabitur.

Collegia pro singulis concionibus solvent bedellis quatuor denarios nisi quis pro gradu concionatur. Concionatores autem in concione sua utentur caputio usitato non-regentis sub pœna sex solidorum et octo denariorum quoties deliquerint.

Prohibemus ne quisquam in concione aliqua in loco communi tractando in lectionibus publicis seu aliter publice infra universitatem nostram quicumque doceat tractet vel defendat contra religionem seu ejusdem aliquam partem in regno nostro publica autoritate receptam et stabilitam aut contra aliquem statum auctoritatem dignitatem seu gradum vel ecclesiasticum vel civilem hujus nostri regni Angliæ vel Hiberniæ. Qui contra fecerit, errorem et temeritatem suam cancellarii jussu cum assensu majoris partis præfectorum collegiorum revocabit et publice confitebitur. Quod si recusaverit, aut non humiliter eo modo quo illi præscribitur perfecerit, eadem auctoritate a collegio suo perpetuo excludatur et universitate exulabit.

*De vestitu scholarium..*

CAP. XLVI.

Statuimus ut nemo ad aliquem in universitate gradum evectus nisi toga talari caputioque ordini congruente aut ad minimum insigni circa collum sacerdotali indutus collegio exeat: contra delinquentes sex solidi et octo denarii mulcta sit. Et si quispiam disputationi publicæ in sua facultate, publicis in ecclesia Beatæ Mariæ precibus, concioni ad clerum, sepulturis, congregationibus sine toga habitu et caputio gradui

conveniente juxta antiquum academiae morem interfuerit, eandem mulctam incurrat. Item statuimus ut socii cujusque collegii et graduati, qui non sunt socii, dum moram traxerint in universitate, superiori pileo scholastico et quadrato (nisi ægrotaverint) utantur et non alio tam in collegio quam extra collegium sub poena prædicta. Prohibemus etiam ne quis scholarium cujuscunque conditionis sit galero utatur aut in collegio aliquo aut extra collegium (nisi ægrotaverit) sub eadem poena quoties deliquerit. Volumus etiam ne quisquam studiosorum nomine in academia degens ultra unam virgam et dimidiatam panni in exteriori parte caligarum gestare præsumat, neve caligis fenestratis, conscissis, serico contextis, aliquo modo distentis aut suffarcinatis incedat sub poena sex solidorum et octo denariorum quoties deliquerit. Præterea volumus ne quisquam aliquo collegii stipendio sustentatus aut ad aliquod beneficium ecclesiasticum admissus camisia rugato collari aut ad manus rugatis plicaturis sub poena prædicta utatur. Licebit tamen mediocri collari rugato uti, modo nihil ex serico intexatur. Proviso tamen ne superiores de vestitu ordinationes dominorum liberos aut militum hæredes aliquo modo astringant.

Socii discipuli et pensionarii singulis dominicis et festis diebus in chorum honesto cum apparatu et superpelliciis tecti veniant: graduati autem cum caputiis gradui convenientibus sub poena duodecim denariorum. Quod si quis a magistro collegii requisitus chorum ingredi cum superpellicio et caputio neglexerit vel recusaverit tempore publicarum precum, pro prima vice commeatu unius septimanæ, pro secunda duarum, pro tertia mensis mulctabitur, pro quarta collegio privabitur: neque ullum secum librum afferant, qui non vel scripturæ pars sit vel ad scientiam scripturæ pertineat.

*De modestia et morum urbanitate.*

CAP. XLVII.

Modestiam suo ordini convenientem omnes omnibus in locis colant, præsertim in concionibus et congressibus publicis. Inferiores ordines superioribus loco cedant et debita reverentia prosequantur. Hujus rei violatores, si non fuerint

adulti, virga a suis coerceantur: sin adulti, primo aspere verbis castigentur, secundo hebdomadæ commeatu, tertio menstruo commeatu, quarto e collegio ejciantur.

Aleæ nullo tempore, chartæ pictæ non nisi Christi nativitatæ tempore, id est duodecim diebus tantum post diem nativitatis, idque moderate et idoneo tempore in aulis tantum usurpentur sub pœna expulsionis post secundam admonitionem.

Quotidianæ oppidi frequentationes, sessiones in oppido diurni aut nocturni temporis et pecuniæ inanes collationes minime usurpentur. Nulla gladiatoria, lanistaria aut saltatoria schola nec domus alcatoria nec galli prælium aut ursorum vel taurorum pugna intra oppidum Cantabrigiæ sit aut frequentetur sub multa quadraginta solidorum ei impendenda qui hoc statutum aut aliquam ejus partem violaverit.

Nullus ex scholasticis nec scutis ludat vel otiosus eorum qui ludunt spectator adstet vel galli prælio adsit aut lusui gladiatorio aut saltatorio aut ursorum vel taurorum pugnae sub pœna trium solidorum et quatuor denariorum quoties hac in re peccaverit.

Nemo in pupillari statu degens nisi uni ejusdem collegii ordinis et conditionis sodali associatus concessaque prius a tutore vel decano vel collegii præfecto venia in oppidum exeat. Si secus quis exierit, mulctam arbitrio cancellarii vel præpositi collegii cujus est infligendam incurrat. Pauperes tamen scholares et sizatores ex licentia tutorum, dum in necessariis eorum negotiis versantur, soli exeuntes huic decreto minime astringantur. Statuimus etiam ut nemo cujuscunque gradus aut ordinis fuerit (publicos privatosque magistratus excipimus in executione officiorum suorum occupatos) forum frequentet vel diutius in aliqua oppidi platea moretur pœna duorum solidorum quoties quis deliquerit imponenda. Neque quisquam scholaris cujuscunque gradus aut ordinis fuerit in conventibus, quos sessiones vocant, judice pro ~~tribunali~~ sedente in ullum statum se ingerat nisi prius petita a cancellario venia: qui secus fecerit, viginti solidis puniatur. In nundinis sturbrigiensibus vel iis quæ ad festum Sancti Johannis Baptistæ tenentur deprehensus

infra gradum magistri in artibus (nisi speciali licentia præfecti collegii vel eo absente vices ejus gerentes se defendat) tres solidos et quatuor denarios nomine pœnæ pendat.

Inhibemus ne eorum quispiam, qui in oppido tabernas aut cauponas aperiunt vel cibaria vendunt, aliquem scholarem ad mensam, comessationes, compotationes, lusum, moram noctu aut interdiu in suas popinas, tabernas, diversoria recipiant vel apud se latere patiantur: mulctam, qui in hanc ordinationem offenderit, incurret quadraginta solidorum in usus universitatis applicandorum pro prima et secunda vice: tertio autem sic ut præfertur recipiendo scholares delinquentes ultra prædictam pecuniarium mulctam ne popinas, tabernas, hospitia aut diversoria aperiant neve esculenta vel poculenta posterum vendant omnino interdican- tur. Baccalaurei tamen legum, medicinæ et musicæ, artium magistri et superiores gradus, pupilli etiam tutores comitantes vel ad parentes et amicos in oppidum tanquam hospites adventantes, accersiti solummodo, ad prandium et cœnam impune recipi possunt. Possunt etiam ejus ordinis scholares extra tempus prandii et cœnæ ex speciali licentia præfecti collegii similiter impune honesta diversoria intrare atque ibidem commorari. Statuimus etiam ne quisquam *καπηλικήν* in rebus mobilibus scholarium exerceat, id est ne emat vilius quæ mox carius vendat, nisi per cancellarium admissus (quam paucissimos autem admittat) et interventu fidejussorum obligatus sub pœna carceris et decem librarum in usum academici convertendarum. Quinetiam sic obligatus in cautione fidejussoria caveat de libro sive registro custodiendo eoque singulis anni quartis cancellario exhibendo, in quo nomen venditoris vel traditoris, collegii in quo degit, res vendita vel pignoris loco tradita, pretium emptionis et venditionis, dies contractus contineatur. Porro librum eum sic exhibitum convocato ad se altero procuratorum cancellarius examinabit.

Qui famosum libellum sive domi sive foras ignarus reperit, aut corrumpat aut igni tradat antequam alter inveniat. Qui vero alteri fateatur inventum et vim illius declaraverit, sciat se tanquam auctorem delicti puniendum et universitate expellatur.

*De omni foris.*

## CAP. XLVIII.

Omnes causæ et lites, quæ ad universitatis noticiam pertinent, tam procancellarii quam commissarii iudicio subiciantur, nisi procuratores vel taxatores academici aut eorum aliquis vel magister artium aut qui supra illum fuerit alter litigantium sit: tunc enim procancellarii solius erit jurisdictio, nisi in mundinis Sturbrigiensibus et iis quæ ad festum Sancti Johannis Baptistæ apud Barnwell tenentur. Finem autem accipient infra triduum si fieri potest omni juris solennitate sumnota. A sententia commissarii ad procancellarium appellabitur infra viginti quatuor horas post latam sententiam. A procancellario autem, sive lis coram eo cœpta sit sive per appellationem ad eum devoluta, ad universitatem provocatio fiet infra biduum a tempore latæ sententiæ et non post, suamque appellationem intimabit appellans alteri procuratorum infra triduum latæ sententiæ. Ille vero statim nomine academici judici a quo inhibebit, ne quid pendente appellatione attentare vel innovare præsumat, prius tamen duobus solidis honorarii loco ab appellante acceptis nec non viginti solidis apud eum depositis, appellanti restituendis, si justam fovisse causam probetur, vel in usum academici convertendis, si temere appellasse convincatur aut si post datos iudices a prosecutione cessaverit vel culpa sua cognitio differatur. Causæ appellationum ad universitatem ultra decem dies si fieri potest post datos iudices non protrahantur, nec secunda provocatio omnino admittatur. Iudices delegati tres ad minimum nec plures quam quinque pro qualitate causæ in omni appellatione dabuntur et sententiæ majoris partis illorum standum erit. Potestas autem nominandi iudices sit penes quinque illos viros qui pro capite illius anni constituti sunt et duos procuratores. Et qui a majori parte istorum nominati fuerint, ad regentes et non-regentes deferentur suffragiis suis eligendi si placent eis; alioqui mutatis uno vel altero, alii eorum loco per dictos septemviros surrogati proponentur eligendi. Et si hi quoque displicent, similiter tertio fiet. Quod si nec tertio loco positi eligantur, licebit dictis septemviris aut eorum majori parti pro illa vice

tantum delegatos iudices eligere et dare. Et si major pars septemvirorum vel in nominandis iudicibus vel in eligendis illis (quando electio ad eos devolvitur) non conveniant tunc plures numero prævalebunt, licet maiorem partem vel æquam habita ratione totius numeri non efficiant.

*De ordinationibus collegiis præscriptis.*

## CAP. L.

Primo uniuscujusque termini die fractio panis et sacrosancta communio celebretur in singulis collegiis necnon preces ad Deum generales atque brevis exhortatio ad scholasticos a magistro collegii vel ejus vicario fiat ut se studiis literarum et pietati dedant et a Deo, fonte atque authore omnis pietatis cognitionis et scientiæ atque adeo bonarum rerum omnium, auxilium et suppetias ad suos labores impetrent.

Singuli collegiorum præfecti bis quotannis omnes scholasticos suos ad aliquod studium sacris literis adhibendum, sed in primis ut dominicos festosque dies prece lectioneque earum sanctificent, exhortabuntur.

Singulis profestis diebus conveniant omnes socii et scholares ad horam quintam antemeridianam et ibi preces matutinas reverenter et religiose celebrent.

Post communes in aurora ad horam quintam preces locus communis in collegio Regis Trinitatis et Johannis ter tractabitur et in cæteris collegiis idem locus communis bis ad minimum in hebdomada eadem hora tractabitur.

Singuli collegiorum socii et pensionarii, qui supra gradum baccalaureatus artium et infra doctoratus gradum in aliqua facultate fuerint, locum communem suo ordine per hebdomadas tractabunt a senioribus incipiendo atque ita ad infimos progrediendo: quod qui in cursu suo non fecerint, menstruo comiteatu suo muletentur.

Socii discipuli pensionarii et scholastici singuli, qui nondum quadragesimum annum attigerint neque ad doctoratus gradum aspirarunt neque præfecti collegiorum sunt, matutinis hora quinta precibus et loco communi intererunt sub pœna ea quæ in statutis adversus eos constituta est qui divino servitio (ut vocant) non intersint. In quibus collegiis nulla pœna con-

stituta est, absentes pro singulis absentibus singuli duobus denariis mulcentur.

Singulæ absentiae et tarditates a vesperis, matutinis et synaxi communi parliamenti consensu constituta, cæterisque communibus precationibus quatuor denariis mulcentur.

A prima die termini usque ad extremam collegia singula problemata singulis diebus veneris et cætera etiam problemata per statuta illis aliis diebus assignata sine ulla exceptione eisdem diebus hebdomadatim observent: quod si non fecerint qui respondere deberent, singuli quorum interest id efficere sex solidis et octo denariis, opposcentes vero singuli tribus solidis et quatuor denariis mulcentur.

Problemata theologica observentur tam per baccalaureos theologiæ quoscunque quam per magistros artium et decanus constituatur qui moderator sit et quæstiones determinet et mercedem certam a collegio ad id propositam habeat.

Pensionarii qui in sociorum commeatu sunt problemata, locos communes cæterasque exercitationes scholasticas quemadmodum et socii observent sub pœna menstrui commeatus.

Magistri artium post primum ad minimum regentiæ suæ annum domi suæ in theologia disputent et respondeant.

Magistri collegiorum ab omnibus scholasticis exercitationibus tam publicis quam domesticis liberentur nisi quæ pro gradu suscipiendo fuerint constitutæ.

Singuli suo ordine concionabuntur, respondebunt, disputabunt cæterasque exercitationes ipsi per se sua in persona habebunt tam domi in suis collegiis quam publice in academia sub pœna decem solidorum quoties deliquerint, nisi justa causa inciderit per magistrum illius collegii cuius sunt et majorem partem sociorum approbanda: cæteras tamen exercitationes, quæ necessarie ad gradum requiruntur, ipsi per se præstabunt.

Singuli qui in ullo collegio ad studium theologiæ, juris et medicinæ traducti sunt, ordine suo in theologia, jure et medicina disputare teneantur.

In singulis collegiis lectores aut alii ad id assignati lectiones domesticas examinent atque etiam (si commode fieri poterit) publicas sub pœna duodecim denariorum quoties deliquerint.

Tutores diligenter pupillos suos doceant, convenienter corrigant nec permittant illos solute in oppido vagari.

Lectiones domesticæ ita instituantur ut nullum impedimentum publicis professorum lectionibus adferant.

Singuli collegiorum præfecti curabunt ut in ædibus suis singuli scriptores scholastici sua propria et prima lingua legantur et cognoscantur.

Nemo scholaris in ullum collegium admittatur nisi quartumdecimum annum adimpleverit nec quisquam ad ullum collegium assumatur nisi instructus et præparatus fuerit ad dialecticam discendam.

In singulis collegiis magister decanus et lector publicus singulos in collegium admittendos ante primum illorum ingressum examinent, utrum perfecte teneant grammaticam necne, ut nulli in hujusmodi loca admittantur qui non in ea satis ad mathematicam et dialecticam discendam profecerint.

Nemo grammaticam ullo in collegio doceat nisi in collegio Trinitatis et regio quoad choristas.

Cæremoniæ saliendi recentes scholasticos prorsus aboleantur propter multas incommoditates quæ ex illis consequuntur: modicæ tamen impensæ possunt in conviviiis retineri.

Nemo in aliquod collegium theologorum admittatur socius, nisi sit actualis baccalaureus artium.

Quicumque alterum parentum Anglum habent, licet in locis transmarinis nati fuerint, sumantur tanquam nati in illo comitatu in quo parens Anglus procreatus fuit. Quod si uterque parens Anglus extiterit, ex illo comitatu esse censcantur ex quo patrem illorum fuisse constiterit.

Nemo consensu magistri et majoris partis sociorum aut seniorum ab aliquo collegio expulsus in aliud collegium recipiatur sub pœna quadraginta solidorum infligenda tutori a quo fuerit receptus et tantundem præposito per quem fuerit in illud collegium admissus aut in eodem manere permissus. Mulcta illa æqualiter dividetur inter collegium illud unde fuerat expulsus et academiam.

Singulorum collegiorum præsides, qui habiles sunt et libenter ad concionandum accedunt, sacerdotium ad quadraginta marcarum valorem annuum habere possunt et ad trium annorum spatium sodalitium suum retinere, modo singulis

annis concionem unam in collegio suo et alteram in academia habeant.

In sociorum et discipulorum electionibus pauperum filii apti et ingeniosi divitum et potentiorum filiis præferantur.

Jentaculorum et prandiorum consueti in disputationum tempore sumptus per magistrum et majorem sociorum partem leventur et minuantur.

In omnibus et singulis electionibus tam sociorum discipulorum scholarium officiariorum lectorum reliquorumque membrorum cujusque collegii quam in omnibus et singulis locationibus et concessionibus quibuscunque necessario requirendus est magistri sive præpositi illius collegii assensus et consensus: et quod bene licebit magistris sive præpositis collegiorum in suis collegiis, si quando illis necessarium videbitur, omnes illas pœnas exercere in delinquentes, quas aliquis officiariorum illius collegii per statuta ejusdem collegii imponere possit.

Si quisquam collegio vel domo sua abfuerit ex quacunque causa, non licebit illi vocem et suffragium suum aliis committere in ullo genere electionis.

Lectores et cæteri ejusdem collegii, si simul rure tempore pestis sint et lectiones cæterasque exercitationes consuetas quemadmodum si domi essent habeant, omnes commoditates et fructus percipiant quos haberent si domi essent.

Nullus seneschallus bursarius aut hujusmodi aliquis administrator plus pecuniæ præ manibus habeat quam ad unius mensis provisionem satis pro illo collegio sit.

Socios collegiorum maritos esse non permittimus, sed statim postquam quis uxorem duxerit socius collegii desinat esse: ordinem tamen gradus sui in academia tenere potest.

Januæ et portæ per singula collegia una eademque hora vesperi obscrentur, hieme viz. hora octava, æstate hora nona. Hyemem hoc loco interpretamur a festo Sancti Michaelis ad festum Annunciationis Beatæ Mariæ, æstatem quod reliquum est anni. Claves vero portarum singulis noctibus ad cubiculum magistri uniuscujusque collegii aut eo absente præsidis deferantur.

Omnes concessionες, quæ communi sigillo sive academici sive ullius collegii obsignantur, in registro prius scribantur et ante obsignationem cum registro conferantur.

Nullus in festo Nativitatis sit Dominus ludorum, quocunque nomine cenſeatur, abſque conſenſu cancellarii et collegiorum præſectorum.

Convivia antiquis exequiis adjuncta abrogata ſunto et loco illorum moderatæ epulæ commendationum diebus magiſtri et ſociorum iudicio inſtruantur omniſque eleemoſyna quæ antehac diſtribui poſt exequias ſolebat hoc tempore pauperibus dividatur. Et cætera convivia quorumcunque temporum iudicio magiſtrorum et ſociorum legitimam moderationem accipiant, reſervato tamen bedellis jure ſuo veteri pecuniario.

In ſingulis collegiis primo die poſt cujuſque termini finem totum collegium in ſacellum conveniat et poſt quadrageſimum quartum caput eccleſiaſtici lectum aliquis a magiſtro assignatus concionabitur: ubi fundatoris cæterorumque inſignium virorum, quorum in eo collegio benefacta late patent, præclara commendatio erit et quanta gloria Deus afficiendus ſit demonſtrabitur, qui per hos benefactores ingentia in illos beneficia contulerit; et ſocietatem illam hortabitur ut eiſdem ad Dei gloriam et eruditionis amplificationem et honeſtum fundatoris inſtitutum utantur: et Deum precentur ut ita viventium corda ſuæ benignitatis gratia affundat ut ad Dei gloriam illuſtrandam et Chriſtianam religionem adaugendam opes et facultates ſuas ſimiliter conferant. Poſt concionem perorataſ cantabunt Anglice *Te Deum: Laudate Dominum in cælis: Cantate: Laudate Dominum in Sanctis.* Ad finem psalmorum *Gloria Patri et Filio, &c.* Et poſt finem psalmorum dicent

The memory of the righteous ſhall remain for evermore.

Reſpon. And ſhall not be afraid of any evil report.

The Lord be with you.

And with thy ſpirit.

Let us pray.

O Lord we glorify thee in theſe thy ſervants, our benefactors, departed out of this preſent life, beſeeching thee that as they for their time beſtowed charitably for our comfort the temporal things which thou diſt give them, ſo we for our time may fruitfully uſe the ſame to the ſetting forth of thy holy word, thy laud and praiſe, and finally tha tboth they and we may reign with thee in glory through Jeſus Chriſt our Lord. Amen.

Concionatori huic certa merces per magistrum et socios cujuslibet collegii constituatur.

In omnibus his statutis ubi nulla expressa pœna violatoribus imponitur, liceat cancellario cum consensu præfectorum collegiorum certam pœnam assignare atque imponere eorum violatoribus atque ita legitima sit ac si in prædictis statutis posita fuisset. In singulis autem collegiis ubi nulla expressa pœna levius delinquentibus imponitur, ibi judicio magistri illius collegii seu vices ejus gerentis puniantur.

Mulctæ in his statutis præscriptæ, nisi aliter eisdem statutis cautum sit, in tres partes dividantur, quarum una in academiciæ, altera in procuratorum, tertia in præconum usus convertatur.

Mulctæ imponendæ modus hic sit. Magister collegii aut eo absente præses aut qui primarius illis absentibus est de præconum querela præcipiet thesaurariis collegii aut illis quibus pecunia illius collegii commissa est ut hanc mulctam alicui ex præconibus sine ulla dilatione solvant idque virtute jurisjurandi quod academiciæ et collegio suo obtulerunt eandemque pecuniam sibi iterum ex stipendio eo thesaurarius aut ejus administer persolvat quod reus a collegio recipere debeat.

Statuta omnia, compositiones et consuetudines quæ scripturis sacris, institutis nostris aut istis statutis adversari videbuntur, abrogata et rescissa sunt, reliquis suo robore permansuris.

Si quid dubii vel ambigui in istis statutis et sanctionibus nostris oriatur, id per cancellarium et majorem partem præfectorum collegiorum explicabitur et determinabitur: quorum determinationi et interpretationi reliquos omnes cedere volumus.

Statutorum horum exempla quatuor sint, unum in communi ærario repositum, alterum apud cancellarium, duo procuratores habeant.

Gulielm. Cecilius.
